Start:
11:15 am

End:
9:00 pm

What interests you in this position?
I am interested in this position because I love working with people and being able to interact with my fellow classmates and community. This position would further my responsibility and help me grow as a person.

What previous experience do you have that is relevant to this position?
I have been a cheer trainer, coach, and coordinator for five years. Those positions entailed me having to teach girls work-outs, dances, and team work. I also joined ASB my last year of high school. I was elected as class treasurer. That position had a responsibility of keeping paper work of the money affairs as well as being a role model for the entire student body. While being involved in ASB I had to create and plan events for our entire school and local community. That required innovation, responsibility, and dependability.

What interests you in this position?
What interest me in this position for A.S.I. is having to be able to work with new people and being able to set-up events for the school and students to participate and have school spirit.

What previous experience do you have that is relevant to this position?
A prevous experience I have that is similar to this position is being part of A.S.B. at Pacific High school for four years and havin the honor to be precident for two years. Being in this position back in High School I was able to be part of setting up and planing school events, as well being incharge of them.

12:00 pm

Start:
2:00 pm

End:
4:00 pm

What interests you in this position?
What interested me was the opportunity to put myself out of my comfort zone. I tend to be introverted, with that said pushing myself out of my safe zone and getting to know my campus further is the main push of my interest. Another interest would be the interaction I would get to experience and learning what really goes behind planning events.

What previous experience do you have that is relevant to this position?
I previously was a Residential Assistant with DHRE, I planned programs and assisted events. With that being said, I lived on campus my first year and worked as an RA I know what events the students look forward to see.
