

# Five-Year Alumni Survey

By: Yamira Murga, Admin. Support Coordinator  
Office of Institutional Research  
California State University, San Bernardino  
December 01, 2013

**Introduction:** This report serves as a supplement to resources utilized by self-study authors. This report represents degree alumni who graduated from CSUSB in 2008-2009.

**Sampling.** Students who officially graduated in the academic year 2008-09 were selected to participate. A total of 3,444 degrees were awarded in the academic year 2008-09. Of the graduating students, 1,775 were emailed a URL link of this online survey.

Reminder emails were sent three times within a one-month time frame. Due to a low email response rate a single mailing was sent to alumni who graduated from programs under review this year. A total of 117 (7%) students completed the survey.

The report is presented by department and college. Caution is suggested when interpreting low sample size in small departments causing percentages to inflate. Percentages displayed may not add to 100% due to rounding.

No spelling corrections were made to the Open Comments section. “UG” means undergraduate and “Gr” means Graduate degree awarded.
