

## Become an Accessibility Ally on Global Accessibility Awareness Day

Accessible Technology's goal is to ensure CSUSB websites, instructional materials, and software systems remain accessible to individuals with disabilities. In just a few hours, you'll have all the basic information you need to champion digital accessibility. As an Accessibility Ally, you will be a part of an inclusive community of CSUSB faculty and staff with hands on knowledge and understanding to ensure our institution is digitally inclusive.

As an Ally you will learn:

- Laws, policies, and procedures that pertain to accessibility
- Best practices and techniques for accessible:
  - Documents
  - Websites
  - Audio & Video
- Procedures to ensure accessibility prior to purchasing Information and Communication Technologies (ICT)
- Accessibility tools to help you author and check your work
