

Current Student Survey Report 2013

By: Yamira Murga
Administration Support Coordinator II
Institutional Research
California State University, San Bernardino
October 23, 2013

The Current Student Survey evaluates the quality of classes, studying, and working, services, and advising for students. In the past few years, this survey was administered in class or a combination of in class and online. Because all students now are mandated to use their csusb.edu email account, we have implemented this survey completely online.

The Current Student Survey was administered during the Spring quarter of 2013.

Of the 3939 students invited to participate, 679 (17%) completed the survey. Data are presented as percentages.

For further analyses, researchers can request SPSS or Excel files from Institutional Research. This report can also be viewed as a PDF file at <http://ir.csusb.edu/studies/departmentSelfStudies.html>
