

BENEFITS OF LIVING IN AN LLC

- The Villages at CSUSB offers specialized communities known as Living Learning Communities, that support the personal development and academic success of our residents.
- Each LLC is unique, offering students the chance to live with others who share similar identities, interests, as well as the opportunity to interact with faculty, staff, peers, and various campus departments.
- Students create a community that embraces progressive conversations around social justice issues, personal development, professional life skills and self-reflection.

HOW TO APPLY

1. Complete an LLC application.
2. Fill out and return a complete Housing application (make sure to mark the LLC of your choice in the Housing Options section).
3. Return all application materials to the Department Housing and Residential Education.

LIVING LEARNING COMMUNITIES

At CSUSB

LIVING LEARNING COMMUNITIES

“Living on campus has sort of transported me back in time. In some ways it's given me a renewed appreciation for the courage inherent in stepping out on your 'Own' as a young adult and the risk and exhilaration of seeking a bright and meaningful future.”

First Year Experience (FYE)

- Welcome to the First Year Experience (FYE). You are a member of a unique population of students at CSUSB!
- The FYE LLC is designed to bring together first-year students in a supportive and academically focused living environment.
- FYE offers students increased opportunities for mentoring, networking and programming that assist students in experiencing a successful first year at CSUSB.

LatinX Scholars

- The LatinX Residential Scholars Living-Learning Community seeks to enhance students' knowledge of the diverse lived experiences of people of Latin descent.
- The LatinX Residential Scholars LLC is devoted to the exploration and expression of traditional and contemporary aspects of Latin American and Latino intellectual, social, and cultural life.

- LatinX Residential Scholars LLC provides space for students to build community not only with one another, but within the CSUSB community through campus events, volunteer opportunities, that help create a sense of familia.

Black Residential Scholars

- The Black Residential Scholars Living Learning Community provides leadership, mentorship, community and a safe space for those that identify as African/Black at CSUSB.
- Residents in BRS explore Black identity development and gain a better understanding of their own identity, as well as knowledge about issues in the Black community and develop skills to assist in creating a socially just campus and world.

Green House

- The Green House Living Learning Community strives to provide understanding around water conservation, emissions, recycling, and energy reduction.

- Students examine how sustainability relates to their lives, values, and how their actions impact issues of sustainability.
- Green House is ideal for students who desire to impact the community by engaging in sustainability initiatives on campus and the community.
- Faculty and staff mentors collaborate with students on promoting environmental stewardship by applying local solutions to environmental problems.

Women in Science & Engineering (WISE)

- The Women in Science and Engineering is a Living-Learning Community of students majoring in science and engineering.
- The purpose of this LLC is to give women the network and community that will assist them in their success in engineering and science majors.
- WISE students will be mentored by faculty and staff in the science and engineering field to foster a network of community and career development.

Coming Fall 2018
HONORS LLC!
