

Monthly Web Accessibility Report DRAFT- Requesting Feedback

Dear Committee members,

To continue improvement on our success indicators, we will again begin sending monthly snapshots of web accessibility scans. This addresses success indicator 1.7 in web: "Established a procedure to distribute evaluation results to campus members responsible for website and maintenance." Please review the format of the monthly scans below, and if you have feedback we would like to hear it.

The reports will be sent by Rosa and staggered throughout each month:

Hello _____ and _____, (Dean and web developer)

Below is your monthly automated web accessibility scan, as generated by Compliance Sheriff. To satisfy the Chancellor's Office web success indicator 1.7, automated scans are sent to website owners/web developers. Compliance Sheriff is a software program that helps determine if a website meets many of the accessibility guidelines. The tool can significantly reduce the time and effort to evaluate websites for accessibility issues.

Below is a small sample of what the report will look like:

A score of:

100% to 75% - passing (Green)

74% to 50% - warning (Yellow)

49% to 0% - fail (Red)

Name of website	url of website	5/23/2017 3:39:36 PM	534	Completed	15%
Name of website	url of website	5/23/2017 3:37:30 PM	25	Completed	81%
Name of website	url of website	5/23/2017 3:43:30 PM	43	Completed	71%

If you have any questions regarding this report, please contact me at accessibility@csusb.edu or 75075.
