California DREAM Loan Program

Under SB 1210, a new type of financial aid assistance for DREAM students called the *California DREAM Loan Program* is now available. The California Dream Loan is a subsidized loan program for undergraduate students with a valid California Dream Act application* and a valid AB540 affidavit on file with their University.

The purpose of the California DREAM Loan Program is to ensure that students who meet AB-540 criteria and DREAM Loan eligibility requirements have access to additional forms of funding to help them afford a public higher education.

About the DREAM Loan

The California Dream Loan is borrowed money you must repay with interest. The interest rate for 2017-2018 is 4.45%. The interest rate for the California Dream Loan corresponds with the interest rate on Federal Direct Subsidized loan and is subject to change annually. The California Dream Loan does not accrue interest while you are enrolled at least half-time, during periods of approved deferment, and during the 6-month grace period before you enter repayment. You will be responsible for the interest charged at all other times.

DREAM Loan Requirements

To accept your California Dream Loan, you must log in to your My Coyote portal and accept the loan offer within 30 days of the award in order to receive funding. You may decline the loan offer or accept less than what is offered to you, but funds are limited and you may not be able to increase your loan at a later time.

Students who accept the California Dream loan must complete a promissory note and entrance counseling. If you fail to complete all the required steps to receive your loan funds by the assigned deadline, CSUSB may cancel the loan offer. Funds are limited and you may not be awarded the funds again at a later date
