Statistical Factbook

January 2011

Welcome to the CSUSB Statistical Factbook!

The version of the Factbook you are now reading reflects significant changes to statistical data reporting. Historically, a fulltime equivalent student (FTES) comprises 15 units per quarter (45 per year). The year 2006-07 brought a differentiation for students in Master's programs for whom 12 units is now defined as one FTES. Since Fall 2007, a doctoral student *advanced to candidacy* is defined as FTES regardless of the number of units. The CSU System has also begun differentiating between California Residents and Non-Residents so a Residency distinction has been included on several tables. Also, majors in this Factbook are now reported as Academic Plan (local), rather than the traditional CSU Hegis majors, to make the Factbook relevant to colleges. Finally, Fall 2009 reflects a new coding of ethnicity mandated by the Federal government. While some tables provide historical statistics based on the current coding rules, most tables will reflect the definitions in effect at those past times.

To save on paper and trees, the Factbook is provided online. In the near future, our office will create a Data Warehouse which will allow users to extract ad hoc information online.

Course Division follows APDB coding definition (With a few exceptions: 0 - 299 = Lower Division; 300 - 599 = Upper Division; 600+ = Graduate Division)

In fall 2010 class disciplines MAND and CSCI were renamed CHIN and CSE. For consistency the old codes were used in this table for fall 2010

* Prior to Summer 2007 Graduate Division Courses included 500 level courses.
