Welcome to the CSUSB Statistical Factbook!

**Our Mission:**

The Office of Institutional Research at California State University, San Bernardino is committed to the generation and dissemination of reliable reports and studies in a timely manner including efficient reporting to various constituencies, evaluation of our institution through survey research and data analysis, and collaboration with our academic leaders in support of decision-making, assessment, and quality improvement.

We are pleased to introduce our campus dashboard for a general overview and an online data mining tool called the DARTboard (Data Assessment & Report Tool). Both links are available through our main page at <http://ir.csusb.edu>. These tools were designed to put data in the hands of the campus community with self-study authors, Dean's Offices, department chairs, and grant writers in mind.

The Factbook reflects changes to statistical data reporting that occurred several years ago. Historically, a fulltime equivalent student (FTES) comprised 15 units per quarter (45 per year). The year 2006-07 brought a differentiation for students in Master's programs for whom 12 units became one FTES. Since Fall 2007, a doctoral student advanced to candidacy was defined as one FTES regardless of the number of units. The CSU System has also begun differentiating between California Residents and Non-Residents so a Residency distinction has been included on several tables. Also, majors in this Factbook are now reported as Academic Plan (local), rather than the traditional CSU Hegis majors, to make the Factbook relevant to colleges. Finally, Fall 2009 reflects a new coding of ethnicity mandated by the Federal government. While some tables provide historical statistics based on the current coding rules, most tables will reflect the definitions in effect at those past times.

To save on paper and trees, the Factbook is provided only online.

If you have any questions, please feel free to contact Institutional Research directly.

\* U.S. Census implemented a new way of classifying ethnicity. Fall 2009 reflects a transitional year in that Hispanic/Latino ethnicities were given counting preference over other ethnic categories in multi-racial classification. Beginning Fall 2010 the new federally mandated classifications were introduced.
