

Natalie Glick is a current student, with a major in Pre-Nursing. Her goal is to earn a near 4.0 G.P.A., and be able to enter the Nursing Program at Cal State San Bernardino.

“My dream of becoming a Registered Nurse, where I can help people fight for their lives and encourage them to live their lives to the fullest capacity, is now very possible thanks to the Mountain Communities Scholarship.”

–Natalie Glick, *Nursing*

Bernadette “Bunny” Brown is an alumna of Cal State San Bernardino. She graduated with her BSN and now runs the Student Health Center at CSUSB.

“My gratitude for your contribution will always be appreciated, not just today, but in the future as well. When you grant scholarships to those in your community, you don’t just help a single person, but thousands.”

– Bernadette “Bunny” Brown, *B.S. Nursing*

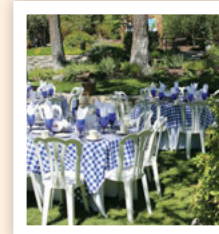

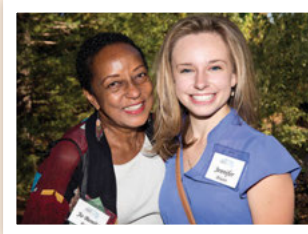

Hundreds of lives have been touched by the vision of a group of mountain community leaders and volunteers

to increase the local college attendance of mountain communities residents. With single-minded purpose, they assembled an enthusiastic band of about three dozen influential mountain residents to take charge of fundraising for student scholarships to attend Cal State San Bernardino, generating tremendous results.

Since 2003, Neale and Patricia Perkins, along with the energetic volunteers, have raised funds by holding elegant, invitation-only events at their Lake Arrowhead home. More than 100 students have benefitted, as have their communities, through the CSUSB graduates who return home to start careers.

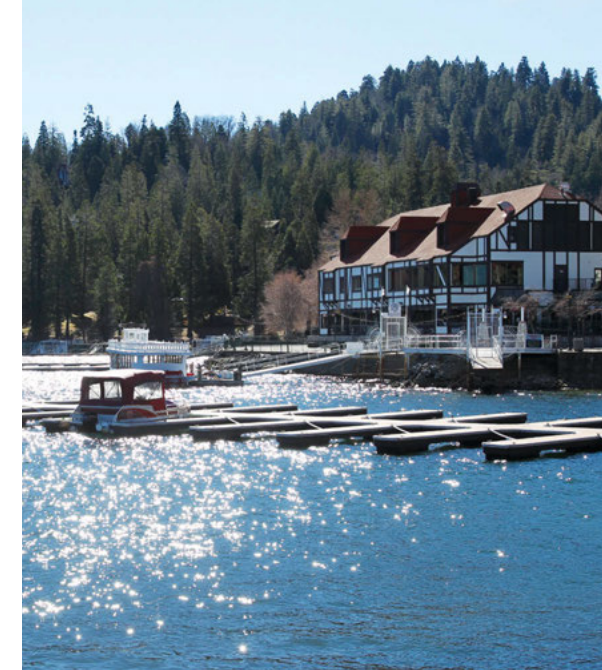

Neale Perkins’ longstanding leadership has served to bring the university closer to the mountain communities.

We invite you to join us in helping to grow the opportunities for our local students.

"I would like to thank you for the scholarships throughout my academic career at CSUSB. Your financial support has greatly assisted me in furthering my collegiate career in completing my degree in Criminal Justice."

– Donald Anastasi, *Criminal Justice*

"I cannot begin to express how grateful I am in receiving this scholarship. My plan after obtaining my Bachelor's degree is to pursue a Ph.D. in Economics. With no immediate family in the U.S., and no financial support from family, I can now direct all my attention and energy toward my academic goals."

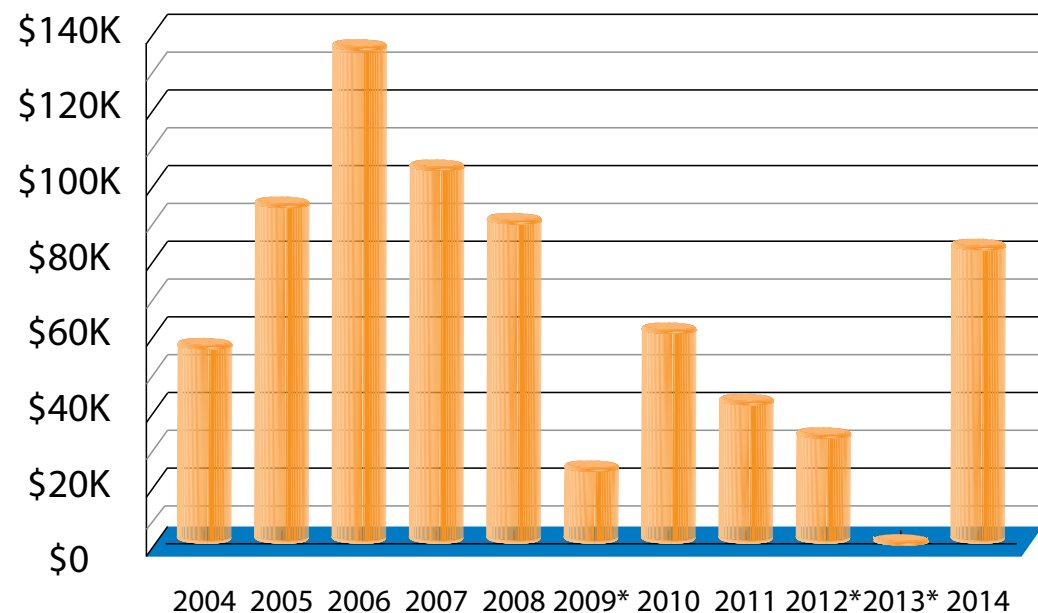

– Catherine Ou, *Economics*
