CSUSB eAdvising Newsletter

ISSUE 12

SPRING 2013

This information is provided to CSUSB undergraduate students by Advising & Academic Services, Undergraduate Studies, on a quarterly basis. It includes the latest university policy & procedure updates, academic advising tips, and campus web links.

Refreshed and Ready

Hi Coyotes!

Now that Spring has sprung let's spring into action for a new quarter and start things off on the right foot.

Remember to use your syllabi and write all of your test dates and due dates in your calendar. Get to know your instructors and give them the chance to get to know you. Have you met with your faculty advisor yet? Now would be a great time to put that on your things to do list for the quarter. Meeting with your faculty will give you the chance to discuss major specific internships and research opportunities that may benefit you.

Being successful isn't something that just happens to lucky people; success comes to those who work for it. Let's all make Spring a successful quarter in spite of challenges and difficulty lets resolve now to overcome and persevere.

"...success comes to those who work for it"

You have almost made it through the entire academic year, just a few more weeks to go. Don't ease up now!

Coyote Advising Week for Fall 2013

Begins May 13th

Although advising is available year-round, in the week prior to registration students are encouraged to meet with advisors to make plans for the following term. This is the ideal time to ensure that all registration holds are addressed and to inquire about internships. Make certain that you and your advisor are reviewing the most recent copy of your Program Advising Worksheet (PAWS). For assistance accessing your PAWS feel free to utilize the tutorial in the [MyCoyote Help portal](#).

Please make your advising appointments prior to your registration date so that you do not experience any challenges when your registration date and time arrive.

If you are unsure where to go for advising, please check the [CSUSB Academic Advising website](#).

Submit Your Nominations

Outstanding Faculty Advisor 2012-2013

Do you know of a faculty advisor who has gone above and beyond for their students? Don't you feel its about time they were recognized for their hard work and dedication? If so, please take the time to nominate them for the Outstanding Faculty Advisor Award.

The recipient's name will be announced at the Faculty Recognition Luncheon. The selected faculty member's name will be forwarded to the National Academic Advisors Association (NACADA) to serve as California State University San Bernardino's nominee for national recognition. The recipient will also have his/her name added to our CSUSB Outstanding Faculty Advisor Honor Plaque in UH-397. Additionally, **the recipient will receive \$500 in travel funds and a designated parking spot.**

For more instructions on how to nominate someone please visit our website by clicking the link above.

Submit nominations to UH-380 or E-Mail rnavarro@csusb.edu by 5:00 pm,

Monday, May 6, 2013.

The Student Success Peer Advisors

The Student Success Peer Advising Team is a subset of the office of Advising Academic Services. The Student Success Team works with first time first year undeclared students as well as those who are considered "at risk". The Student Success Peer Advisors will also be an addition to the SOAR 2013 schedule, allowing smaller advising sessions for all new students. The Student Success Peer Advising Program provides a continuation to students' initial orientation with the campus. In this relationship students have the opportunity to build a rapport with SSPAs, Advising and Academic Services and the campus at large. Providing students with a guideline for how to go about deciding on a major, help with understanding their PAWS report, clarifying campus policies and procedures and referring students to various campus resources; SSPAs assist students with the transition to college life. To schedule an appointment just call 909.537.5034 or 909.537.5035

Student Health and Psychological Counseling Center

We are all well aware of our country's economic status since it has affected us or those close to us in several different ways. Some of those effects may have been emotional, physical, or even psychological. If the pressure of these times, your educational goals, or relationship situation are causing you stress and you would like someone to talk to, please consider making an appointment with a counselor in the Psychological Counseling Center here on campus.

Students can also visit the Health Center for physicals, vaccines, and contraception. CSUSB wants each of its students to know that they are not alone in their challenges and as a result has made provision to make sure you are served holistically. Coyotes travel in packs, so please remember we have your back.
