August 2020

Invest in your professional and personal development through community learning and discussion.

## CONFESSIONS OF A RECOVERING MICROMANAGER

**Tuesday, August 25, 2020 (12:30pm-1:00pm) - New Time!**

*Online via Zoom (please register to receive Zoom information)*

In August's Coyote Learning Circle, we will be viewing a TED Talk and discussing the "why" behind micromanagement. This month's learning circle will be 30-minutes, employees are encouraged stop by and engage in meaningful conversation and professional development.

**TED Description:** Think about the most tired you've ever been at work. It probably wasn't when you stayed late or came home from a road trip -- chances are it was when you had someone looking over your shoulder, watching your each and every move. "If we know that micromanagement isn't really effective, why do we do it?" asks entrepreneur Chieh Huang. In a funny talk packed with wisdom and humility, Huang shares the cure for micromanagement madness -- and how to foster innovation and happiness at work.
