

Vital and Expanded Technologies Initiative 2019-2020 Awards

Proposal Title	Total Amount Funded
Visualizing the Skeletons of Molecules: Identifying My Reaction Product Using NMR Spectroscopy	\$ 56,000.00
Next generation computer laboratory for molecular sciences	\$ 21,000.00
iMacs for the open labs at PDC	\$ 8,805.44
eAdvising: Enhancing Academic Advising through Digital Access	\$ 40,000.00
Ability Sports & Education Phase II	\$ 63,353.00
PDC PAWS Radio	\$ 3,256.79
Updating and Expanding Alternate access	\$ 17,210.00
New teaching and learning resource: Innovative Materials Collection	\$ 13,177.00
Y:You O:Own T:The E:Experience: The Coussoulis Arena Live Video Broadcast Program	\$ 70,373.00
Accessible Technology Blackboard Ally Pilot, Increase Accessibility of Course Content in LMS: Phase 2, Building Faculty Support & Remediation Capacity	\$ 69,036.00
BRAINSSTIM: Brain Recording of Astronauts in NASA Simulations and Student Technologies for Impacted Majors (BRAINSSTIM)	\$ 61,000.00
Mobile Mac Lab for Graduate Resource and Support Programs	\$ 29,699.13
iPad Kiosks	\$ 3,177.00
PDC LIBRARY	\$ 17,381.00
E-Learning Academy Second Year (continuation)	\$ 39,525.00
"COYOTE Xpress" Transportation Program	\$ 7,000.00
Office of Student Research and Office of Graduate Studies Student Resource Center	\$ 8,000.00
Wi-Fi Infrastructure Expansion	\$ 45,000.00
Dronology: Advancing CSUSB Student Careers Using Diverse UAV Applications	\$ 45,000.00
Pfau Library Laptop Upgrade	\$ 50,000.00
Theatre Arts Collaborative Design Lab and Experimental Théâtre	\$ 30,000.00
iOLabs: Putting the Phun back in Physics!	\$ 17,277.00
"Standing solid" and "going with the flow": computational models of solid and fluid behavior in physics and biology	\$ 34,094.00
