JHBC IN MOTION

Summer 2022

Amanda Yates-Gonzales

"The JHBC In Motion conversation event was really constructive and beneficial to the staff in the college. It allowed an open space to anonymously express concerns without judgment. It also allowed us to reflect on the numerous positive aspects of working for JHBC. The conversation led to some great ideas on how the culture can be improved. The main thing the college can do to cultivate a culture of DEI in the college, is to genuinely listen to the concerns of staff and develop a plan of action. Conversations like this are meaningless if the administration does not take our feedback seriously. Thank you for holding the event!" - Amanda Yates-Gonzales
