

WE DEFINE THE *Future*

ONLINE HIGH SCHOOL

Fall '21/Spring '22
Program

Education at your fingertips now available year round!

All courses:

- Meet A-G requirements
- WASC accredited
- NCAA approved
- All courses are Common Core State Standards Aligned (CCSS)

Most classes can be completed solely online. However, in order to meet the A–G college requirements, students enrolled in a science course are required to meet face to face with their teacher to complete lab work.

Core Courses

Our online program offers various classes in Core Course areas such as:

- English
- World Language
- Math
- Social Science
- Science

Advance Placement (AP)

Courses are also offered to those students wanting to compete at a higher level.
