Office of Academic Research

## Vision

Transparency, Equity, and Growth

## Mission

The Office of Academic Research provides strategic guidance and assistance to support faculty and student research, scholarship, creative activities in meeting the educational and service mission of the university.

## Academic Research

### What We Do

#### Research Development

The Office Research Development offers programs, services, and one-on-one mentoring to assist faculty in advancing their research agenda through the support of scholarly writing, grant proposal development, and interdisciplinary collaboration.

#### Research & Sponsored Programs

The Office Research and Sponsored Programs provides support and **pre-award services** for extramural grant submissions.

#### Sponsored Programs Administration

The Office of Sponsored Programs Administration provides support and **post-award services** to PIs with their active extramural grants and contracts.

#### Research Compliance

Assures university compliance with federal and state regulations and provides training and guidance to faculty and students in research involving human subjects (IRB) and animal subjects (IACUC).

#### Student Research

The Office of Student Research offers programs and services supporting student/faculty collaboration in research and scholarly and creative activities related to disciplines.

#### Grants for Student Research

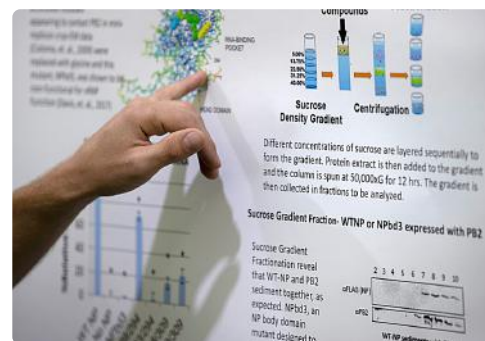

Provides students with financial support to conduct research and engage in other creative or scholarly activities with a faculty mentor. These grants fund students' travel for research, conferences, and summer activities.

#### Student Research Programs

Provide support for faculty to incorporate student research into classroom activities (i.e., Peer Lab and Peer Research Consultant).

#### Student Events

CSUSB Annual Student Research Competition & the "Meeting of the Minds."
