Visual Studies Emphasis

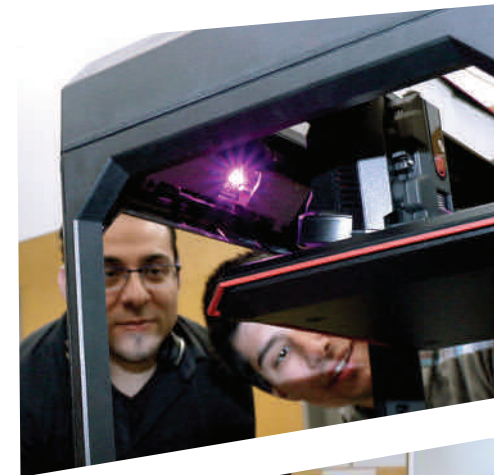

Visual Studies is a series of courses that engage students in critical thinking with an emphasis on the ways that social, cultural, and economic forces impact access to and understanding of art historically and in the present day.

Design Emphasis

We offer two degree programs in design: the BA in Design Studies and the BFA in Design. Students can work in a broad range of media using a wide array of software and digital electronic fabrication tools to accomplish goals and prepare for life after university as a designer. The BFA in Design has concentrations in 3D Design, Interface Design, Motion Graphics & Video Design, and Marketing.

Art History Program

The BA in Art History prepares students for the humanities discipline and for the museum field. Coursework begins with an introduction to a wide range of art from diverse cultures and historical periods.

Faculty and Staff

The outstanding faculty and staff at the CSUSB Visual Arts Center are here to help you succeed in this exciting and dynamic learning environment, where, should you choose to start or continue your journey with us, you will be introduced to a broad universe of creative ways of seeing, making, thinking and learning.
