# **INDEPENDENT AUDITORS' REPORT**

Board of Directors University Enterprises Corporation at CSUSB San Bernardino, California

# **Report on the Financial Statements**

We have audited the accompanying financial statements of University Enterprises Corporation at CSUSB (UEC), which comprise the statement of financial position as of June 30, 2020, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of UEC as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# Emphasis-of-Matter Regarding a Change in Accounting Principle

As discussed in Note 1 to the financial statements, UEC has adopted Accounting Standards Update (ASU) No. 2018-08 Not-For-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The adoption of this standard did not have a significant impact on UEC's reported historical revenue. Our opinion is not modified with respect to that matter.

# Report on Summarized Comparative Information

The financial statements of University Enterprises Corporation at CSUSB as of June 30, 2019 were audited by other auditors whose report, dated September 12, 2019, expressed an unmodified audit opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of net position, the schedule of revenues, expenses, and changes in net position, and other information as listed in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2020, on our consideration of UEC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of UEC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering UEC's internal control over financial reporting and compliance.

#### NOTE 1 SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

University Enterprises Corporation at CSUSB was created on July 31, 1962 as the San Bernardino-Riverside State College Foundation pursuant to the general nonprofit corporation laws of the state of California. On October 30, 1984, the name of the corporation was changed to The Foundation for California State University, San Bernardino (the Foundation). On July 1, 2011, the name of the corporation was changed to University Enterprises Corporation at CSUSB (UEC). At that time all endowment and gift assets, with the exception of charitable remainder trusts set up with the UEC acting as trustee, were transferred to the newly created Philanthropic Foundation. The UEC was organized to promote and assist education, administration and related services of the California State University, San Bernardino (University) under an operating agreement with the Trustees of the California State University (Trustees) which expires December 31, 2020.

#### Major Program Services

The UEC's major program services include:

*Commercial Operations*, consisting of vending and contract oversight of campus bookstore and dining service operations.

*Sponsored Programs*, which includes the operation and administration of externally funded sponsored projects in support of the instructional, research and public functions of the University.

*Campus Programs*, consisting of the operation of the on-campus Child Care Center, Infant Toddler Center, PC Lab, and Alumni Relations.

#### **Estimates**

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses, as well as the disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates. Management also determines the accounting principles to be used in the preparation of the financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows.

# NOTE 1 SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Basis of Accounting and Presentation**

The financial statements of the UEC have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. The financial statements are presented in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-205. Accordingly, information regarding financial position, revenues, expenses, gains, and losses are classified based on the existence or absence of donor- imposed restrictions. Accordingly, net assets of UEC and changes therein are classified and reported as follows:

<u>Net Assets Without Donor Restrictions</u> – Net assets that are not subject to donor-imposed stipulations, and which may be designated for specific purposes by action of the board of directors.

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both

# Cash and Cash Equivalents and Concentrations

For purposes of the statement of cash flows, cash and cash equivalents include all highly liquid investments with a maturity of three months or less from date of purchase. UEC maintains its cash balances in three financial institutions. The Federal Deposit Insurance Corporation (FDIC) insures up to \$250,000 per depositor, per insured bank, for each account ownership category. These balances may at times exceed the FDIC limit. As of June 30, 2020, UEC had \$3,303,745 above federally insured limits. However, the financial institutions have secured the deposits by pledging securities in an individual collateral pool, held by a depository, regulated under state law. Accordingly, UEC believes it is not exposed to any significant credit risk on cash and cash equivalents.

# NOTE 1 SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Investments**

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. The fair value of investments in securities is based on the quoted market price of the underlying securities. Investments in real estate are stated at acquisition cost. Unrealized gains and losses are included in the change in net assets. Short-term investments consist of debt securities with original maturities of 12 months or less. Long-term investments consist of debt securities with original maturities greater than 12 months.

# Prepaid Expenses

Prepaid expenses are advance payments for products or services that will be used in UEC's programs or activities in subsequent periods.

# **Receivables and Allowances**

Other receivables are presented net of an allowance for doubtful accounts. The allowance is based on prior years' experience and management's estimate of collectability. Management estimates that all receivables at June 30, 2020 are fully collectible, and therefore no allowance has been presented.

# Property, Plant, and Equipment

Property, plant, and equipment are carried at cost or, if contributed, at fair market value at the date of contribution. Intangible assets include patents and software. UEC's policy is to capitalize additions and improvements that significantly add to productive capacity or extend the useful life of an asset and are above \$5,000. Repairs and maintenance are charged to operations as incurred. Costs and related allowances for depreciation of property, plant, and equipment sold or otherwise retired are eliminated from the accounts and gains or losses on disposition are included in the changes in net assets. Depreciation and amortization are calculated using the straight-line method over the estimated useful lives of the assets.

Property acquired with federal and/or state funds is considered to be owned by UEC while used in the program(s) for which it was purchased or in other future authorized programs. Disposition of such equipment and the ownership of any proceeds there from is subject to federal and state regulations.

# **Donated Materials, Services, and Other Assets**

Donated materials and other assets such as stocks, bonds, and other long-lived assets are recorded at their estimated fair value at the date of donation.

Volunteers contribute time to our program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet the recognition criteria prescribed by generally accepted accounting principles.

# NOTE 1 SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Revenue and Revenue Recognition**

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expirations of donor-imposed restrictions on net assets, that is, the donor-imposed stipulated purpose has been accomplished and/or the stipulated time period has elapsed, are reported as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same year the gift is made are reported as contributions without donor restrictions. Gains and losses on assets and liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations.

Unconditional promises to give are recognized initially at fair value as contributions revenue in the period such promises are made by donors. Conditional promises are recorded as revenue once the conditions are substantially met. Contributions are recognized as donor restricted net assets if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, net assets with donor restrictions are reclassified to net assets without donor restriction and reported in the statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same year the gift is made are reported as contributions with donor restrictions and releases in the current year.

Grants and Contracts comprise of cost-reimbursable contracts and grants, which are conditional contributions recognized in accordance with the policy described in the preceding paragraph, and exchange revenue related to the value of the benefits received by the funding agency, which is recognized as the services are provided. Amounts received under cost-reimbursable contracts are recognized as earned and are reported as revenue when UEC has incurred expenditures in compliance with specific contract or grant provisions. Amounts received but not yet earned are reported as deferred revenue in the statement of financial position. UEC received cost reimbursable grants of \$3,407,922 that have not been recognized at June 30, 2020 because qualifying expenditures have not yet been incurred.

Special Program revenue consists primarily of unconditional contributions.

Commissions revenue is recognized when earned in accordance with the terms and conditions contained in the agreements with the third-parties. UEC receives a percentage of proceeds derived from Bookstore and Food Services operations as well as vending machines. The contractor of the Bookstore operation provides a guaranteed commission for the life of the contract. The Food Services commission is based on a percentage of gross sales.

# **Concentrations**

Receivables at June 30, 2020 include amounts due from students, governmental funding sources, and the California State University, San Bernardino.

#### NOTE 1 SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Income Taxes

UEC is a nonprofit tax-exempt corporation organized under Internal Revenue Code Section 501(c)(3) and is classified as other than a private foundation. It is also exempt from state income taxes. However, any unrelated business income may be subject to taxation. The UEC had no obligation for any unrelated business income tax during the year.

#### Subsequent Events

Management has evaluated subsequent events through September 10, 2020, the date the financial statements were available to be issued.

#### **Risks and Uncertainties**

During the fiscal year, the Word Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. Subsequent to year end, the COVID-19 pandemic continues to have significant effects on global markets, supply chains, businesses, and communities. Specific to UEC, COVID-19 may impact various parts of its 2020-21 operations and financial results, including, but not limited to, declines in enrollment, loss of auxiliary revenues, additional bad debts, costs for increased use of technology, or potential shortages of personnel. Management believes UEC is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

# **Change in Accounting Principle**

In August 2018, FASB issued ASU 2018-08 Not-For-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This standard distinguishes between contributions and exchange transactions and assists in determining which guidance to apply. The organization's financial statements reflect the full application of ASU 2018-08 to contributions received and made beginning in 2020.

#### NOTE 2 INVESTMENTS AND FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Money Market Funds* – Money Market Funds are valued at net asset value (NAV) of \$1 per share, and are comprised of short-term (less than one year) securities representing high-quality, liquid debt and monetary instruments.

*Mutual Funds* – Shares of mutual funds are valued at quoted market prices, which represent the net assets value of shares held by UEC at year-end.

*Equity Securities* – Equity securities are valued at last quoted sales price as of the close of trading at year-end; such securities, not traded on the year-end date, are valued at the last quoted bid price.

*Fixed Income Securities* – Fixed income securities are valued using the last quoted bid price.

*Investment Pool (SWIFT)* – The pool investment is reported at fair value as provided by the University System.

#### NOTE 2 INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although UEC believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at June 30, 2020 are as follows:

		Fair Value Measurements at June								
	Total		Total Level 1		Level 1	Le	vel 2	Le	vel 3	
Short-term investments:										
Money market funds	\$	26,873	\$	26,873	\$	-	\$	-		
SWIFT investment fund		5,890,579		-	5,	890,579		-		
Mutual funds		73,290		73,290		-		-		
Equity securities		107,926		107,926		-		-		
Total short-term investments	\$	6,098,668	\$	208,089	\$5,	890,579	\$	-		

UEC has pooled investments with the CSU Systemwide Investment Fund Trust (SWIFT). As a result of a 2007 change in Education Code 89721(I) that allowed CSU to self-manage student tuition and fees, CSU created a central banking system and created the SWIFT investment portfolio for the purpose of enhancing centralized cash and investment management. Because the central banking system and SWIFT are inextricably linked, each member in the central banking system is also a member in SWIFT, also referred to collectively as "the Bank of CSU". These funds are reported as a short-term investment. The SWIFT consists of investments of cash on an overnight and/or short-term basis, the funds representing the float on funds collected from all eligible sources prior to their use for payment of accounts payable and payroll. Excess cash over and above what is needed to fund short-term payables and payroll are transferred to medium or longer term investments.

Investment fees for the year ended June 30, 2020 amounted to \$1,411 and are netted against investment income on the statement of activities.

# NOTE 3 PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment consisted of the following at June 30, 2020:

Land	\$	4,640
Construction in process		38,162
Buildings		4,036,683
Equipment, furniture and fixtures		4,497,957
Leasehold improvements		3,045,665
Intangible assets	1	189,057
		11,812,164
Less: accumulated depreciation and amortization	1	(6,808,637)
Description allocations in an end of the	¢	E 000 E07
Property, plant and equipment, net	\$	5,003,527

The buildings are located on land leased from the State of California. Because of the relationship between UEC and the University, the building is being depreciated over its estimated useful life rather than the term of the lease which expired December 31, 2017.

Depreciation expense for the year ended June 30, 2020 was \$940,272.

# NOTE 4 BOARD-DESIGNATED AND DONOR RESTRICTED NET ASSETS

UEC's governing board has designated, from net assets without donor restrictions of \$5,290,035 net assets for the following purposes as of June 30, 2020:

Board-Designated Net Assets	
Current Operations Reserve	\$ 302,253
Working Capital Reserve	543,899
Unplanned Capital Replacement Reserve	259,621
Undesignated General Reserve	75,391
Sponsored Programs Reserve for Disallowances	290,000
Total Board-Designated Net Assets	\$ 1,471,164

There were no net assets with donor restrictions at June 30, 2020.

#### NOTE 5 DEFINED BENEFIT PENSION PLAN

#### Plan Description

UEC contributes to the California Public Employees' Retirement System (PERS), a costsharing multiple employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within the state of California. All employees who are current members of PERS or employed for more than six months or accumulate 1,000 hours of paid employment are eligible to participate in PERS. Benefits vest after five years of PERS credited service, usually five years of full-time service. UEC employees who retire at or after age 50 with five years of credited service are entitled to an annual retirement benefit, payable for life, in an amount equal to a percent of pay, on a scale based on age and years of service, of the average monthly pay rate for the highest consecutive 12 months of compensation. PERS also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute and UEC policies. Copies of CalPERS' annual financial report may be obtained from the CalPERS's website, at <u>www.calpers.ca.gov</u>.

Effective January 1, 2013, Public Employees' Pension Reform Act (PEPRA) implemented new benefit formulas and final compensation period, as well as new contribution requirements for new employees hired on or after January 1, 2013, who meet the definition of new member as per PEPRA.

#### Funding Policy

UEC employees are required to contribute 5% of their annual covered earnings over \$513. UEC is required to contribute the remaining amounts necessary to fund the benefits for its members, using the actuarial basis recommended by the PERS actuaries and actuarial consultants and adopted by the Board of Administration. The required employer contribution rate for the year ended June 30, 2020 was 12.896% for the miscellaneous plan and 7.25% for the miscellaneous tier 1 plan (PEPRA). The payroll for employees covered by PERS for the year ended June 30, 2020 was \$8,254,674. Total payroll for the year ended June 30, 2020 was \$8,254,674. Total payroll for the year ended June 30, 2020 were \$743,653 based on amounts required to be contributed. Total employee contributions for the year ended June 30, 2020 were \$519,401.

The following table presents a reconciliation of net pension liability:

	Plan	Plan Total Pension		an Fiduciary	PI	an Net Pension
		Liability	Ν	let Position		Liability
		(a)		(b)		(c) = (a) - (b)
Miscellaneous Plan	\$	31,488,515	\$	27,486,861	\$	4,001,654

# NOTE 5 DEFINED BENEFIT PENSION PLAN (CONTINUED)

#### Funding Policy (Continued)

Plan assets and funded status of the plan is as follows:

	Measurement		A	ctuarial Value		Funding	Funded Ratio
Valuation Date	Date	Accrued Liability	of Assets (AVA)			Actuarial Excess	AVA
6/30/2018	6/30/2019	\$ 31,488,515	\$	27,486,861	\$	4,001,654	87.29%

Items not yet recognized as a component of net periodic pension cost during the year are as follows:

	 ure Pension st Outflows		re Pension
Changes of Assumptions	\$ 190,817	\$	(67,643)
Differences between Expected and Actual			
Experience	277,932		(21,534)
Differences between Projected and Actual			
Investment Earnings	-		(69,961)
Differences between Employer's			
Contributions and Proportionate Share of			
Contributions	-		(591,697)
Change in Employer's Proportion	768,454		-
Pension Contributions Made Subsequent			
to Measurement Date	743,653		-
Total	\$ \$ 1,980,856		(750,835)

Net actuarial pension expenses recognized as expenses in the statement of activities for the year was \$1,634,075.

Total liabilities for pension benefits recognized in the statement of financial position:

	 2020
Net pension liability	\$ (4,001,654)
Future pension cost outflows	1,980,856
Future pension cost inflows	 (750,835)
Total liabilities for pension benefits	(2,771,633)

Discount Rate	7.15% (net of admin expenses)	
Inflation Rate	2.50%	
Projected Salary Growth	3.3% - 14.2%	
Salary Increases	Varies by Entry Age and Service	
Investment Rate of Return	7.15%	
	Derived using CalPERS' Membership	
Mortality Rate Table (1)	Data for all Funds	
Post Retirement Benefit Increase	Contract COLA up to 2.50% until	
	Purchasing Power Protection Allowance	
	Floor on Purchasing Power applies,	
	2.50% thereafter.	

(1) The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

# NOTE 6 OTHER POSTEMPLOYMENT BENEFITS

UEC has one retiree health plan that offers active and retired employees the option of enrolling in certain HMO or indemnity plans available through the program. UEC currently pays up to \$501 per month for retiree coverage, \$955 per month for coverage with one dependent and \$1,207 for coverage with two or more dependents of retirees. Retiree contributions are to fund the cost of coverage that exceeds these amounts. The accounting for the health care plan anticipates future cost-sharing changes to the written plan that are consistent with UEC's past practice and management's intent to manage plan costs. In particular, UEC's maximum increase in the capped contribution is assumed to be limited to 2.5%.

UEC no longer offers retiree medical benefits to employees hired after September 11, 2009.

# NOTE 6 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

The following is a summary of change in accumulated postemployment benefit obligation, change in plan assets, and funded status of the plan.

Change in accumulated postemployment benefit obligation (APBO)		
APBO at beginning of year	\$	5,752,689
Service cost (excluding expenses)		61,859
Interest cost		192,642
Actuarial (gain) loss		279,117
Benefits paid		(173,470)
APBO at end of year		6,112,837
Change in plan assets		
Fair value of assets at beginning of year		2,333,489
Actual return on assets (net of expenses)		119,964
Employer contribution		523,470
Benefits paid		(173,470)
Fair value of plan assets at end of year		2,803,453
Funded status - unfunded net OPEB liability	\$	3,309,384
Amounts recognized in the statement of financial position		
<i>consist of:</i> Current liabilities		222,439
Noncurrent liabilities		3,086,945
Total recognized on Statement of Financial Position	\$	3,309,384
Components of net periodic postretirement		
benefit cost (NPPBC)	¢	04.050
Service cost (including expenses)	\$	61,859
Interest cost		192,642 (150,509)
Expected return on plan assets Amortization of net (gain) loss		(130,309) (247,292)
Net periodic postretirement benefit cost		(143,300)
Net periodic postretirement benefit cost		(143,300)
Other changes in plan assets and benefit obligations recognized in AOCI		
Net actuarial (gain) loss		309,662
Amortization of actuarial (gain) loss		247,292
Total recognized		556,954
Total recognized in change in net assets	\$	413,654

# NOTE 6 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

The assumptions used in the measurement of UEC's benefit obligation and net periodic postemployment benefit cost included a 3.40% weighted-average discount rate as of and for the year ended June 30, . It is the same weighted-average discount rate used for as of and for the year ended June 30, 2019.

Medical plan premiums and CalPERS minimum employer contributions are assumed to increase at rates shown in the following table:

Year	Rate
2021	5.50%
2022	5.00%
2023+	4.50%

Assumed healthcare cost trend rates have a significant effect on the amounts reported for the healthcare plan. A 1% increase in the assumed healthcare trend rates would have the following effects:

	Dollar Increase	Percent Increase
Accumulated post-employment benefit obligation (Increase)	\$ 1,029,837	16.85%

A 1% decrease in the assumed healthcare trend rates would have the following effects:

	Dollar	Percent
	Decrease	Decrease
Accumulated post-employment benefit obligation (Decrease)	818,172	13.38%

The Plan is funded on a pay-as-you-go basis; the expected contribution for the following year is the same as the expected future benefit payments for such year. UEC paid \$204,744 during the year ended June 30, 2020, for current benefit costs.

The expected benefits to be paid are as follows:

Years Ending	
June 30,	Amount
2021	\$ 222,439
2022	232,698
2023	233,573
2024	247,999
2025	244,662
Thereafter	1,294,284

#### NOTE 7 RELATED PARTIES AND ECONOMIC DEPENDENCY

As discussed in Note 1, UEC operates under an agreement with the Trustees as an auxiliary organization of the University. Accordingly, essentially all revenues and realization of certain assets, are dependent upon the continuation of this agreement. UEC leases space for its bookstore operations, the Center for Developmental Activities, and the land for UEC's offices for nominal rent from the state of California. Accounting principles generally accepted in the United States of America require that contribution revenue and rent expense be recorded for the difference between a fair market rent and the amount actually charged under these leases. However, UEC has not determined a fair market rent and, accordingly, these amounts are not recorded in the financial statements.

A schedule of related party transactions between UEC, University, and other auxiliary organizations are as follows:

For the year ended June 30, 2020		CSUSB		Associated Students		Philanthropic Foundation		os Manuel ent Union	 Total
Expenses Payments to Univ/Aux for salaries of personnel working on contracts, grants, and other programs	\$	2,562,499	\$	-	\$	-	\$	13,958	\$ 2,576,457
Payments to Univ/Aux for other than salaries of personnel		5,615,532				131,695		97,936	5,845,163
Revenues Payments received from Univ/Aux for services, space and programs		2,355,524		162,053		510,679		-	3,028,256
<u>Due to</u> Accounts Payable due to Univ/Aux as of June 30, 2020		(1,369,161)		-		-		-	(1,369,161)
Due from Accounts Receivable due from Univ/Aux as of June 30, 2020		92,652		-		2,520		-	95,172

# NOTE 8 AVAILABLE RESOURCES AND LIQUIDITY

UEC regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. UEC has various sources of liquidity at its disposal, including cash and cash equivalents, short-term debt and equity securities, and receivables due within the next 12 months.

For purposes of analyzing resources available to meet general expenditures over a 12month period, UEC considers all expenditures related to its ongoing activities of commercial operations, campus programs, and sponsored programs, as well as the general and administrative services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, UEC operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures. Refer to the statement of cash flows, which identifies the sources and uses of UEC's cash and shows positive cash generated by operations for fiscal year 2020.

As of June 30, 2020, the following tables show the total financial assets held by UEC and the amounts of those financial assets that could readily be made available within one year of the balance sheet date to meet general expenditures. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditures within one year of the balance sheet date.

Financial Assets:	 2020	
Cash and Cash Equivalents	\$ 3,014,885	
Investments Convertible to Cash in the Next 12 Months	6,098,668	
Grants Receivable	8,392,799	
Due From Related Parties	95,172	
Other Receivables	93,243	
Other Long-Term Assets	 5,071,732	
Total	\$ 22,766,499	

#### Financial Assets Available to Meet General Expenditures

Over the Next 12 Months:	2020	
Cash and Cash Equivalents	\$	3,014,885
Investments Convertible to Cash in the Next 12 Months		6,098,668
Accounts Receivable		8,392,799

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors University Enterprises Corporation at CSUSB San Bernardino, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of University Enterprises Corporation at CSUSB (the UEC) (a nonprofit organization), which comprise the statement of financial position as of June 30, 2020, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 10, 2020.

# Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered UEC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of UEC's internal control. Accordingly, we do not express an opinion on the effectiveness of the UEC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether UEC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the UEC's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
