

College of Business and Public Administration
Department of Public Administration

Greetings, Comprehensive Exam takers-

We know this is a stressful time for many students. That is normal. What is not normal is if you are having health issues or have some other circumstances that would prevent you from doing your best.

If you feel you are not healthy or prepared, you should not sit for the exam. We will assist a drop and it will not count as an attempt. If you are prepared to sit for the exam, please sign this acknowledgement.

I certify I am physically and mentally prepared to sit for the MPA Comprehensive Exam.

I certify that I will uphold the academic integrity of this exam.
