## LETTER FROM THE CHANCELLOR

---

Dear Class of 2020,

Congratulations on your extraordinary achievement during this truly unprecedented time.

The past 10 months marking the final stretch on your journey to earning a California State University degree have been challenging and unpredictable. And I am sure that when you look back upon your commencement in the years to come it will be with mixed emotions. You'll often be filled with pride and a well-earned sense of accomplishment for attaining a goal that may have once felt so daunting. At other times, you may feel disappointment because of the challenges brought by the

COVID-19 pandemic that continues to sweep across our world, disrupting millions of lives – including yours. The culmination of your college experience was not as you had expected, with the on-campus commencement ceremony being postponed because of this historic public health crisis. But by earning your degree, you displayed grit and resilience to achieve a consequential milestone on the journey of a lifetime. I have every confidence that those qualities will serve you well as you encounter life's inevitable periods of hardship and uncertainty.

It is my hope that you will also remember the determination, ingenuity and indomitable spirit you and your classmates, along with our faculty and staff, have demonstrated during these challenging times. I will forever admire the class of 2020.

So today, we celebrate you – and the perseverance, scholarship and optimism that brought you to this day. I am proud of you – as are your loved ones, friends, colleagues and our entire CSU family. We are all filled with pride at your accomplishment.

Of course, you did not travel this path alone. We also recognize the faculty who deepened your knowledge and inspired you to see the world and our communities from new perspectives. We acknowledge the counselors, advisors, librarians, coaches and support staff who championed you at every turn. And we appreciate those who encouraged, uplifted and supported you along the way. Please remember to thank these important people and let them know how much their support means.

We call this celebration a “commencement” because it is not an end, but rather a new beginning. As you start the next chapter of your life, I urge you to continue to wholeheartedly pursue knowledge, truth and innovation. Strive to elevate your community, state, nation and our world as you achieve your personal and professional goals.

And stay in contact with your campus and our CSU community. Connect with classmates, seek out faculty as mentors and join alumni chapters. Look for opportunities to inspire and support future generations who seek to follow in your footsteps.

As a proud CSU graduate myself, I welcome you to the world's largest alumni community – more than 3.8 million strong working together to power California, the nation and our world.

On behalf of the entire CSU, again, congratulations to the truly exceptional class of 2020 – the final graduating class in my tenure as chancellor of our esteemed university.

I look forward to all that you will accomplish.

Sincerely,

A handwritten signature in black ink that reads "Timothy P. White". The signature is written in a cursive, flowing style.

## LETTER FROM THE PRESIDENT

---

Dear Graduates:

Congratulations!

Welcome to the 2020 California State University, San Bernardino Commencement. You, our graduates, are the pride of the university community. This year's ceremonies are especially meaningful for me, as I know it is for the faculty and staff as well, because they include those who earned degrees during Winter, Spring, Summer and Fall 2020. We are proud to convene this virtual commencement celebrating your significant milestone with you, your families and friends.

Earning a college degree is one of life's most influential events. It is a defining achievement that serves as a source of inspiration and satisfaction, especially if you are the first in your family to graduate from college. You will often look back on this occasion as you advance in your careers, start families, and work toward achieving your goals. Now more than ever a college education is the foundation for success in the global economy.

Your decision to finish your degree will prove beneficial. Consider this statistic: The median pay for individuals with a bachelor's degree is 74.5% higher than for those with just a high school degree. College graduates also have greater earning and promotion potential as well as a more nuanced understanding of the world. They are also more likely to be in better health, active within in the community, and engaged in civic affairs – all of which make for a more meaningful life.

Your success is a direct result of hard work, discipline and dedication. Regardless of your backgrounds, each of you made sacrifices to reach this landmark objective. You have proven to possess what it takes to succeed and can take great pride in your accomplishments.

Cal State San Bernardino – your alma mater – will always be here for you. We will support you in your career endeavors, offering guidance and encouragement. You are an important part of the CSUSB family, and I encourage you to stay connected through our Alumni Association and keep us updated on marriages, births, additional degrees, address changes, career advancement and other important life developments.

Once again, congratulations to the Class of 2020. I wish you the very best as you pursue your aspirations and commend you on joining the ranks of educated persons.

A handwritten signature in black ink, appearing to read 'TDM', written in a cursive style.
