

Repeating a Course (Discount of Grade Form)

Use this form when you have repeated a class and would like your current grade to replace your first attempt. When a discount of grade is approved, only the last grade earned shall apply to your cumulative postbaccalaureate grade point average. The first attempt will show on the transcript with the repeat (discount) noted.

Conditionally classified, classified and credential students may be permitted to repeat one course that was taken for graduate credit.

Postbaccalaureate unclassified students who are taking courses that are not part of a graduate degree program and who are not pursuing any degree objective are subject to the same repeat of courses regulations as undergraduates (up to 5 different classes).

In all cases, the last grade earned will not replace the grade in the student's undergraduate record.
