

PROGRAMS

Our Women Veteran Emergency and Transition Services program is dedicated to the prevention of homelessness and enhances the personal and economic wellbeing of women veterans and their families. We do this through our pipeline of services:

REGIONAL PROGRAMS

Childcare Assistance provides stipends to daycare, after-care, and camps for student or working veterans, placing their children in a trusted and licensed childcare of their choosing.

Financial Assistance programs provides women veterans facing financial hardship with financial management education and emergency stipends to cover rent, utilities, and emergency car repairs.

Warehouse Distributions provide women veteran families with hygiene supplies, diapers, wipes, children's clothing, household cleaning supplies, and children's toys around the holidays.

NATIONAL PROGRAMS

Warrior Connect provides necessary information and referrals regarding additional services and a warm introduction to our partner agencies. Referrals can be for a variety of assistance types including legal services, job skills training and mental health in a geographically desirable location.

Women Veterans Lead provides personal, professional, and leadership development education both in-person and online for our national community of women veterans. WVL provides access to online self-paced curriculum in addition to interactive sessions on budgeting, networking, navigating career change, leadership, resilience, and more.

**FOUNDATION FOR
WOMEN WARRIORS**

**HONOR HER SERVICE
EMPOWER HER FUTURE**

We enhance the personal and economic wellbeing of women veterans and address the growing needs of the increasing population of military women transitioning to civilian life.

Why Women Veterans?

- Often overshadowed by their male counterparts, our programs honor, empower, and support the women who answered our nation's call to serve.

Women veterans are:

- The fastest growing population of homeless veterans.
- More likely to be single parents.

Women veterans report:

- Feeling disconnected from their communities.
- Not receiving recognition as veterans.

To make matters worse:

- Post 9/11 women veterans have the highest rate of veteran unemployment.
-

**HONOR HER SERVICE
EMPOWER HER FUTURE**

"Foundation for Women Warriors has helped me in so many ways. I was in a stressful situation financially and the foundation helped relieve a lot of the stress by listening to my issues and helping me come up with a solution. I had forgotten what it was like to have that strong support system in my corner and this foundation has reminded me of it. Thank you so much for what you do for women veterans."

-- USMC veteran

We are the first line of defense for this under-served community.

Impacted over 6,047 women and children

Sponsored over 23,970 warm nights

Sponsored over 2,651 childcare days

Connected over 2,554 women veterans with mental health, employment, transition, and education resources
