

2021-2022 Annual Report and Final Report Campus Police Advisory Council

Current Members: Samuel Sudhakar (Vice President), Jeffrey Godown (Police Chief), John Gutierrez (Police Lieutenant), William Etue (Police Officer), Daria Graham (Diversity Officer), Lisa Root (Student Life and Leadership), Brian Beran (Staff Member), Alfredo Jesus-Barcenas (Staff Alumni), Paola Galvez (ASI), Daisy Ramos (ASI), Michelle Pham (ASI) and Christine Famega (Academic Senate)

Former Members: Doug Freer (Vice President), Nina Jamsen (Police Chief), Joseph Fleming (Police Lieutenant), Joanna Barber Matthews (Police Officer), and John Decker (Staff Member)

The Campus Police Advisory Council meets on a quarterly basis. We met four times in the 2021-2022 AY.

2021: August 17th and October 20th

2022: February 14th and April 18th

Key topics discussed for this academic year were:

Campus Safety Plan and Stats: Committee discussed the ongoing review of the campus safety plan and crime stats. UPD focused on unlocked doors, trespassing, break-ins, bike and car theft, and information pertaining to the SMSU building and safety precautions during the COVID lock down. Campus safety plan was published in December 2021 for both campuses.

Traffic Updates: Committee discussed how the repopulation caused an increase in traffic. Accidents have increased 28% from 2018 to 2019. Improvements were made by adding speed radars and stop signs with blinker lights to increase campus safety. Parking lot D is the next big project to hopefully be completed by the end of summer 2022.

Safety Awareness: Promoted safety awareness by conducting ASI Safety Walk's through campus on September 29, 2021, and May 2, 2022. The results reported overgrown vegetation, raised concrete, minor graffiti, pedestrian walkways resurfacing, tree trimming, overgrown vegetation, additional lighting, and found upgrades of where to add/replace faded signs; most safety concerns have been resolved.

Continued to push the "See Something, Say Something" campaign; partnered with ASI to promote on social media at both campuses to increase levels of awareness. Re-introduced the "It's on Us" campaign that was initiated by Title IX and Advocacy efforts. Partnered with ASI and campus partners to host a Campus Safety Resource Fair on November 9, 2021, to increase safety awareness.

UPD increased patrol coverage by restarting the bike patrol on October 3, 2021; officers to be more visible around campus and UPD is looking to certify more officers.

The committee discussed creating and implementing a safety plan similar to the UC system which displays a more data driven, service oriented, community centric approach to on campus safety and security; UPD working on a comp stat spreadsheet to input data on monthly basis to display on UPD website.

Campus Collaboration: The committee discussed the importance of engaging with faculty, students, staff, and the campus community. UPD partnered with ASI and hosted “Pizza with the Police & ASI” in the Student Union on November 3, 2021. UPD and Student Affairs presented a PowerPoint to create partnerships and community engagement.

Emergency Preparedness: EOC is finalizing the evacuation transportation plan with local vendors. Campus community participated in the Great California Shake Out in October 2021 to test the Emergency Notification Systems; transitioning to RAVE Alert System with new levels of notifications. The committee discussed additional ways of displaying safety resources for accessibility.

Personal Wellness: Collaborated with the Department of Behavioral Health (DBH). UPD is planning to have a Clinical Therapist within their department by the end of July 2022; DBH is currently in the hiring process.

UPD Recruitment Program: UPD introduced a GI2025 initiative of hiring from within (Best Cops Come from Within the CSUSB Family). UPD sponsored two positions to start the Police Academy’s six-month class in September; they will be hired as University Police Officers.
