

## CSUSB DEPARTMENT OF NURSING STUDENT COMPLIANCE PACKET

Dear Student,

Thank you for choosing California State University, San Bernardino, in achieving your Bachelor of Science in Nursing (BSN) degree. Managing your health and non-health compliance documents is very important and essential in making sure that you are provided a clinical assignment throughout the program. When submitting documents, you must submit a copy of each item on the checklist provided on page four (4) by uploading these documents in the CastleBranch compliance tracker.

All documents submitted to the Department of Nursing become the property of the department and will not be provided to anyone, including the student. This ensures protection of your private information. It is the student's responsibility to retain copies of all documentation submitted. The Department of Nursing will NOT make copies of any documents submitted and will NOT provide in any other way copies of records. The department will keep documents in a secured location and access to information will be limited in order to maintain privacy and confidentiality.

It is the student's responsibility to keep all compliance requirements updated, by submitting documentation of renewed documents such as CPR and health insurance to the Department of Nursing prior to any and all expiration dates. Please note that most hospitals require that health documents not expire in the middle of a clinical term but rather it is good for the entire duration of the clinical time. Compliance requirements are all subject to change.

For any questions, please contact the nursing staff first:

Contact Ms. Kara Daniels via email [kara.daniels@csusb.edu](mailto:kara.daniels@csusb.edu);

Or [nursinginfo@csusb.edu](mailto:nursinginfo@csusb.edu).

For any unresolved concerns please contact Assistant Directors: Dr. Dawn Blue (SBC) and Ms. Nancy Wolf (PDC) and/or Program Director, Dr. Gagalang.

Program Director Dr. Angie Gagalang via e-mail [egagalang@csusb.edu](mailto:egagalang@csusb.edu)

Assistant Director Dr. Dawn Blue (SBC) via e-mail [dblue@csusb.edu](mailto:dblue@csusb.edu)

Assistant Director Ms. Nancy Wolf (PDC) via e-mail [nwolf@csusb.edu](mailto:nwolf@csusb.edu).

Thank you for your cooperation.

Angie Gagalang, PhD, MSN, RN

California State University, San Bernardino  
Essential Duties to Meet Clinical Requirements  
**Physical Exam Health Clearance Form**  
(Give this to your provider prior to your physical exam)

Dear Healthcare Provider:

To enter into and to complete the nursing program, students must be able to meet the emotional and physical requirements of the Department of Nursing (DON) and the agencies in which students are placed for clinical. If accommodations are required for a student to meet these requirements, the student and faculty are to work with *Services to Students with Disabilities (SSD)* to determine what accommodations would be reasonable in a clinical setting.

**Emotional Requirements** The student must have sufficient emotional stability to perform under stress produced by both academic study and the necessity of performing nursing care in real patient situations while being observed by instructors and other health care personnel.

**Physical Requirements** In order to participate in CSUSB DON, students are required to travel to agencies and hospitals, and to homes with unpredictable environments. Students need to have the endurance to adapt to a physically and emotionally demanding program.

The following physical requirements are necessary to participate in the clinical application courses in nursing:

1. **Strength:** Sufficient strength to lift, move and transfer most patients; to restrain and carry children; to move and carry equipment; and to perform CPR, which requires sufficient body weight and adequate lung expansion.
2. **Mobility:** Sufficient to bend, stoop, get down on the floor; combination of strength, dexterity, mobility and coordination to assist patients; ability to move around physically and adequately in confined spaces (patient rooms, bathrooms, treatment settings, around patient equipment, etc.). Be able to perform all physical skills required to deliver patient care such as CPR, ambulation, transport, reposition, lifting, and other nursing duties.
3. **Fine Motor Movements:** Necessary to manipulate syringes and IVs; to assist patients with feeding and hygiene; to write appropriate notations; to document in health record; to perform sterile procedures and other skilled procedures.
4. **Speech:** Ability to speak clearly in order to communicate with staff, physicians and patients; need to be understood on the telephone.
5. **Vision:** Visualize patients in order to assess and observe their health status; skin tone, color changes, dermatological conditions, non-verbal behaviors, changes in signs and symptoms of illness, health improvement or deterioration, etc.
6. **Hearing:** Hear and see patients, monitor signs and symptoms, hear alarms, patient voices, call lights, and assess patient conditions, non-verbal behaviors, changes in signs and symptoms of illness, health improvement or deterioration, hear through the stethoscope to discriminate sounds, and accurately hear on the telephone.
7. **Touch:** Ability to palpate both superficially and deeply and to discriminate tactile sensations.

Annual Health Screening Questionnaire for History of Positive TB Skin Test

Instructions: Annual symptom screening is required for all students who have a history of a positive tuberculosis skin test [PPD skin test]. Students are required to see a licensed healthcare provider for symptom screening and completion of this form yearly only if they have a history of a positive TB skin test.

When did you convert to a positive PPD? \_\_\_\_\_

What is the date of your last chest x-ray? \_\_\_\_\_

Result:

Do you currently have symptoms of?

|                                    | YES                      | NO                       |
