Department of Art & Design

Application to be granted

Honors in Art & Design

Departmental Honors may be awarded by the Department of Art & Design to students who have met the requirements and have been judged by the faculty of the Department of Art & Design to have distinguished themselves in their major. GPAs are calculated at the posting of grades for the quarter period prior to the final quarter of study. For example, students graduating in June will be evaluated for this application on their GPAs as of the end of the Winter quarter. In special circumstances, the department may grant honors to students who fail to meet one or all of the requirements but have in some other way demonstrated exceptional achievement in the fields of art, design, art history, and/or visual studies/art education.
