

AGREEMENT

It is our understanding that your organization has approved and is willing to accept _____, SSN _____, as a student intern in Health Science 000: Service Learning in Environmental Health during the _____ Quarter of _____.

The understanding that _____, referred to as the Agency, and California State University San Bernardino, referred to as the University herein, have as to the conditions under which this student has been accepted is as follows:

1. Neither the Agency nor the University is obligated to pay for the student's services.
2. In the event either the Agency or the University finds it necessary to terminate this student's assignment, the party terminating this assignment will notify the other party as soon as practical.
3. The student's supervised work assignment is for a period of approximately _____ hours during the service learning.
4. The student is expected to comply fully with the rules and regulations of the Agency. In addition, the student must meet all academic requirements established by the departmental advisor.
5. The Agency may refuse to accept any student from the University if the reasons for doing so do not violate laws prohibiting discrimination or protecting those with disabilities

It is believed that the student will gain important knowledge and real-life work experience during this service learning at the Agency. It is also hoped that the Agency in turn will benefit from the student's services. Moreover, the Agency should feel free to provide the type of supervision and counseling it determines necessary for the greatest mutual benefit.

The above conditions are approved:
