School of Computer Science and
Engineering

CSE 5750 Internship in Computer Science

Date

December 8, 2021

Time

1:00 PM

Location

JB 358

Title

Noria Presentation

Student

Kelsey Burgos

Advisor

Bilal Khan

Abstract

Through understanding reverse osmosis and other key important details. I was able to aid in the development of creating a software that would help numerous water plants to save thousands of dollars.
