Sylvia Mendez is the oldest daughter of Gonzalo Mendez, a Mexican immigrant, and Felicitas Mendez, a Puerto Rican, who fought so she and her brothers **could have equal education** through the case of Mendez et al v. Westminster et al. Sylvia continues with the legacy left by her parents to campaign for education. Sylvia Mendez worked for 33 years as a nurse at the USC Medical Center in Los Angeles. Ms. Mendez spends her retirement traveling abroad and speaking at universities, conferences and schools across the nation. What is **AB-540?**

AB 540 allows qualified undocumented students to be exempt from paying significantly higher out-of-state tuition at public colleges and universities in California. By making college more affordable, AB 540 has had a significant impact on the lives of many undocumented students who have dreams of attending college.

Students are eligible for the AB 540 exemption if they meet ALL of the following requirements.

- Attend a California high school for 3 or more years;
- Graduate from a California high school or receive the equivalent, such as a GED;
- Submit an affidavit (a written promise) to the California public college or university where they are attending or plan to attend. In this statement students declare that they meet all AB 540 requirements and if they are undocumented, that they have filed an application to adjust their immigration status or will do so as soon as they are eligible to do so.
