

Bachelor of Arts in Liberal Studies

The BA in Liberal Studies major is designed to prepare students for Multiple-Subject Teaching Credential Programs in California. It has three concentrations: Precredential-General (12 units); Precredential-Spanish Studies (12 units); and Credential-Integrated (30 units). Students who are not planning for a teaching career but are interested in a liberal arts education, please consult the BA in Liberal Arts degree.

Unless otherwise specified, grades in lower division courses (2999 and below) must be a "C-" or better; grades in upper division courses (3000 and above) must be a "C" or better.

All graduating Liberal Studies students must maintain a minimum grade point average (GPA) of 2.0 ("C"). Students who plan to seek their Multiple Subject Teaching Credential at CSUSB must achieve a minimum GPA of 2.67. Other institutions offering Multiple Subject Teaching Credentials may have different GPA requirements, usually between 2.5 to 3.0.

BA in Liberal Studies (120-135 units) consists of GE (49 units), American Institutions Requirement (3 units), and the major, which is divided into the core (66) and concentrations (12-30).

13 units in the core will also count for GE and American Institutions requirements.

Students should pay special attention to the following classes that satisfy the requirements of both GE and the core of the major. Be sure to take them in their respective GE categories.

GE-B1 and GE-B3: GEOL 1090

GE-B2: BIOL 1000 or BIOL 1010

GE-D1 and American Institutions: HIST 1460, HIST 2000 & HIST 2010, or PSCI 2030

Advising for the Liberal Studies major is offered by the Liberal Studies Office <https://www.csusb.edu/liberal-studies> (<https://www.csusb.edu/liberal-studies/>).

The core of the program has four areas: Arts and Humanities, Natural Sciences and Mathematics, Social Sciences and Child Development, and Program Requirements.

These areas are designed to provide students with coursework that is both foundational and focused. The first three areas – Arts and Humanities, Natural Sciences and Mathematics, Social Sciences and Child Development – enable students to build a broad repertoire of knowledge in the arts, humanities, natural and social sciences, technology, and civics and government. These areas of knowledge ensure a well-rounded education for students; they also provide the content of what they will teach in California's K-8 schools. The program requirements include courses on learning assessment and metaknowledge of their studies and chosen careers.

The Precredentia-*General Concentration (12 units)*

Twelve units of electives from the Colleges of Arts and Letters, Natural Sciences, and Social and Behavior Sciences, three of which must be upper-division (numbered 3000 and above).

This concentration is for students who wish to design their own course of study. They can seek the breadth of knowledge by taking classes from all three academic colleges mentioned above. They can also focus on particular areas by selecting classes in one area of study. In the latter case, they are encouraged to consult with the Liberal Studies Office and/or relevant departments.

Students who wish to pursue a credential in Special Education should take ESPE 3350, ESPE 5514, ESPE 5530, or ESPE 5531 as one of their electives.

The Precredentia-*Spanish Studies Concentration (12)*

The Precredentia-*Spanish Studies Concentration* is designed for those students interested in the Bilingual Added Authorization in the Multiple Subject Credential program, which gives them the eligibility to teach in a bilingual/Spanish classroom setting.
