AH 5270. Art History Capstone Research Methodology. Units: 3
Prerequisite: [AH 1103](#), [AH 1104](#), [AH 1221](#), [AH 1120](#), [AH 1222](#), [AH 3210](#) or [AH 3310](#), [AH 3250](#) or [AH 4250](#)
Methodology course, specifically focusing on further development of research methods, writing methodology, refining bibliography and photographic images for final Art History project. Materials fee required. Graded A through C-/No Credit.

Achieving Classified Status: ONLY FOR CONDITIONALLY CLASSIFIED STUDENTS

Conditionally classified students must complete their requirements as outlined in their admission letters. You must do this before you complete **12 units**. Once completed, documentation must be submitted to the Graduate Coordinator along with the “Application for Classified Status Form”. The Graduate Coordinator and Graduate Committee will review your material and file a new Graduate Application form with the university, indicating ‘classified’ status.

GRADUATE COMMITTEES

Choosing Your Committee:

Graduate students are responsible for filling out the form to create your Graduate Committee during the spring of your first year with a deadline set by the graduate advisor. The committee includes your Advisor (Committee Chair) and two other art faculty. One additional committee member may be invited from another department at CSUSB, a part-time art faculty or from off campus. The graduate coordinator will attempt to meet your request, however, sometimes students do not always get exactly whom they request. Students will schedule four meetings with the entire committee and the student must submit a "Graduate Committee Meeting Form" for each meeting to the graduate coordinator. This committee will supervise your graduate studies and Master's Project. Your Graduate Committee must approve the Master's Project/Culminating Exhibition prior to its exhibition.

Starting Fall 2021:

The department requests that you enroll in a supervisory course with each of your graduate committee members *at least* once per year. This will make it possible for them to give you the detailed depth of input and time needed to help you develop your work and your research, in their role as your committee member.

You can enroll in either:

- AH 5270 Art History Methodologies (3 semester units) - *art history faculty ONLY*
- ART 4500 Advanced Art Laboratory (2 semester units) - *art history or studio art faculty*
- ART 5951 Independent Study (1 unit) - *art history or studio art faculty*
- ART 5952 Independent Study (2 units) - *art history or studio art faculty*
- ART 5953 Independent Study (3 units) - *art history or studio art faculty*

To enroll in these supervisory courses, please complete this form via this link:

Note:

Please contact your committee members before enrolling in these supervisory courses.

Students are responsible for setting all meetings with their assigned committee.

COMMITTEE MEETINGS

1st Year: Graduate Committee

This meeting will be a review of your work in your first year. It is an introductory meeting to get acquainted with the student's work and offer suggestions and goal setting. Students should offer a clear and comprehensive view of their work including sources of inspiration and research.

2nd Year: Advancement to Candidacy

Preparing for your Advancement to Candidacy Review:

1. Bring a significant selection of completed artworks and works in progress produced during your graduate studies. These should be representative of your artistic explorations thus far, and indicate possible directions for future inquiry. Be prepared to discuss your work and its ongoing development.

2. Please have a statement that encapsulates the overall direction/ progression of your work and studio practice (where you have come from, where you think you are currently, what you plan on doing next and/or where you plan on going with your work).

3. You must prepare and file "Advancement to Candidacy Graduate Approved Program Form" with the Graduate Coordinator. You can do this in the spring after your advancement, or early in the fall of your last year but it has to be submitted before you can apply for your grad check (which you need to do in the term before you graduate to avoid paying late fees). Complete this form, listing all of the courses you have taken (and the grades received) and all of the courses that you intend to take to complete your degree requirements. This must be approved by your advisor (committee chair), and then be submitted to the Graduate Coordinator. Please note that you cannot have any outstanding 'incomplete' grades to be advanced.

3RD Year Committee Meeting

After your successful advancement to candidacy in the second year, at your next committee meeting in the spring of your second year, you must present materials for your Master's Project/ Culminating Exhibition. These include:

1. 1-2-page proposal for your Master's Project exhibition. The proposal should include an artist statement that describes the ideas and content in your work as well as the techniques you employ. Your proposal must be well conceived, written at graduate level and clearly articulate your intentions.

2. A mock-up of your exhibition announcement. You may also provide an installation plan if appropriate to your exhibition idea. If you are exhibiting in RAFFMA, you will need to contact the museum to obtain files for the complete form to be included on the announcement.

You will have a scheduled meeting with your graduate committee in the fall of your third year, and in the spring, you will need to schedule a meeting with your committee sometime during your exhibition. **You will also need to complete Graduate Committee Meeting Form.**

EXHIBIT YOUR MASTER'S PROJECT

Each graduate student is responsible for presenting a solo exhibition of his/ her/ their work completed during his/ her/ their graduate studies in one of the student galleries in the department of art. Generally, this happens in the Dutton Family Gallery, adjacent to RAFFMA; in special circumstances, this exhibition may occur in VA 106, off campus, or as a virtual reality exhibition. Responsibilities will include appropriate professional presentation of work, its installation and de-installation in consultation with museum and/or department staff, securing necessary approvals for and printing of exhibition announcement (using standardized format). In special circumstances, digital announcements for social media will be accepted (be sure to get approval in advance). Work to be exhibited must be reviewed and approved by the Art 6695 Course Supervisor and graduate committee before it can be exhibited. The student accepts all responsibility for the cost of producing the artwork for this exhibition.

Note: alcohol is not permitted at gallery receptions unless there is campus bartender.

You will not receive a grade for ART 6695 until you have uploaded your Master's Project to Scholarworks.com, and completed and submitted your Master's Project to the graduate coordinator. **Submit your Master's Project and documentation** in PDF containing all the following materials. The completed document must be submitted before the end of your final term, or **your degree will not be conferred**.

MASTER'S PROJECT CHECKLIST

SUBMIT IN PDF FORMAT:

1. Cover sheet with approval signatures from all members of your Graduate Committee and the Graduate Coordinator. Use adobe sign.
2. A copy of your "Artist's Statement", with the appropriate form with approval signatures from all members of your Graduate Committee and the Graduate Coordinator.
3. "Master's Project Final Review and Approval" form with signatures from all members of your Graduate Committee and the Graduate Coordinator.
4. Twenty professional quality images of the work produced during your graduate studies, with an accompanying typed image list that includes your name, title, medium, size and any other relevant details for each work. File sizes should not exceed 1MB per image.
5. Master's Research Paper in Studio Art (from ART 6617) with a grade of 'B' or better.
6. Master's Project Exhibition Announcement.
7. Your CV
8. A screenshot showing successful upload of your Master's Project to *scholarworks.com*, an online campus repository of graduate theses and dissertations.

GRADUATE TEACHING ASSOCIATE OPPORTUNITIES

Upon successful completion of **ART 6630** and a teaching assistantship in the appropriate course (to be arranged through the graduate coordinator and the relevant professor, with the Chair's knowledge), graduate students may have the opportunity to be the teacher of record for a beginning level course, pending adequate enrollment.

These will be arranged on a case-by-case basis.

The following is taken from the CSUSB Bulletin of Courses. Please refer to it for more detailed information:

<https://bulletin.csusb.edu/graduate-degree-programs/graduate-degree-program-requirements/>

ACADEMIC PROBATION

Failure to maintain the appropriate grade point average (3.0, or B) will result in the student being placed on probation. Students on probation must rectify their grade point deficiencies by the end of the academic term of notification of probationary status, or they automatically will be disqualified and placed in unclassified post-baccalaureate status. To apply for reinstatement to a graduate degree or credential program after disqualification, the student must petition the appropriate program graduate committee. A student who has been disqualified from a master's degree program may be admitted to another program only on the recommendation of the department to which the student has applied and with the approval of the Dean of Graduate Studies. Students in unclassified post-baccalaureate standing and students seeking a second bachelor's degree must maintain a 2.5 grade point average in all work attempted. Students in this category who are dismissed from the university for failure to maintain these standards must petition the Dean of Graduate Studies for readmission to the university.

The program must include only courses with grades of "C" (2.0) or better. (Grades of "C-" (1.7) or less cannot be used).

REPEAT OF COURSE (DISCOUNT OF GRADE)

Classified and conditionally classified graduate students may be permitted to repeat one course at CSUSB that was taken for graduate credit (i.e., that is applied towards a master's degree) one time only by petition to and approval of the college or department graduate committee. The petition requesting this permission includes an automatic request to discount the first attempt.

When approved, the original course grade on the student's permanent record will be discounted. Only the second grade earned shall apply to the student's cumulative post-baccalaureate grade point average. The first attempt will show on the transcript with the repeat (discount) noted.

ADMINISTRATIVE ACADEMIC DISQUALIFICATION

A graduate student may also be placed on probation or may be disqualified by appropriate campus authorities for unsatisfactory scholastic progress regardless of cumulative grade point average or progress in the program. Such action shall be limited to those arising from repeated withdrawal, failure to progress toward an educational objective and noncompliance with an academic requirement and shall be consistent with guidelines.

YEAR-BY-YEAR GUIDE: MFA STUDIO ART

This list will assist you in your graduate studies. There are a number of administrative details that need to be taken care of to ensure you meet all the requirements for your graduation.

1st YEAR

Thoroughly read and follow the "**Graduate Studies**" and "**Masters of Fine Arts in Studio Art**" sections in the **Bulletin of Courses (Course Catalog)**.

1. Achieve **Classified Status**: If you are currently Conditionally Classified, you must complete the requirements specified for classification when you were conditionally accepted. When you have completed the requirements, submit an "Application for Classified Status" to the Graduate Coordinator. The Graduate Coordinator files a new Grad Admission form with 'classified' status checked. Refer to page 11

2. Select the preferred members for your **Graduate Committee and an Advisor/ Committee Chair** on the form. This should be completed in the **spring semester** of your **first year**. Submit this to the Graduate Coordinator. Meetings will be arranged as indicated under 'Milestones'. The graduate coordinator will designate a day in the relevant quarter when all full committee meetings will take place, typically on a Friday. Refer to page 11

2nd YEAR

1. Organize a group exhibition for your second year. You may want to start to organize this in the **spring of your first year** (reserve the space, for example) but the exhibition is to take place in the **fall of your second year, or very early in the spring semester, if necessary**.

2. Apply for **Advancement to Candidacy: Spring Semester of Second Year**. Successfully complete an Advancement Review conducted by the Department of Art Graduate Committee and the Graduate Coordinator.

3. File a program of graduate coursework in consultation with your Advisor and approved by the Graduate Coordinator on an "Advancement to Candidacy" form. Achieve a minimum grade point average of "B" (3.0) or better.

3rd YEAR

1. **Graduation Requirement Check**. Submit a grad check form to the Office of Admissions and Records in the **semester before graduation**. You can file later than this but there is an additional 'late fee'.

2. **Complete** all required **coursework**. Your course of study must follow your approved "Advancement to Candidacy" form. Any changes must be filed on the "Request for Change" for and approved by the Graduate Coordinator. If you need to continue working on your Master's Project but have completed all your coursework, register for ART 6698 Continuous Enrollment for Graduate Candidacy Standing. This gives you full access to the studios and maintains your status as a graduate student while you are completing your project. This is a zero-unit course.

3.Exhibit your Master's Project.

Each graduate student is responsible for presenting a solo exhibition of his/ her/ their work completed during his/ her/ their graduate studies in one of the student galleries in the department of art. Generally, this happens in the Dutton Family Gallery, adjacent to RAFFMA. Responsibilities will include appropriate professional presentation of work, its installation and de-installation in consultation with museum and/or department staff, securing necessary approvals for and printing of exhibition announcement (using standardized format). Work to be exhibited must be reviewed and approved by your advisor and graduate committee before it can be exhibited. The student accepts all responsibility for the cost of producing the artwork for this exhibition.

Refer to page 11 & 12.

4. Graduate. To be included in the Commencement Program, you must submit your Graduation Requirement Check by the last business day of April and you must notify the graduate coordinator, who will submit your Master's Project title to the Dean's office and arrange for you to be 'hooded' at the graduation ceremony. To avoid a late fee, file your grad check form two terms before your graduation date.

REQUIREMENTS FOR GRADUATION

1. A minimum of 60 semester units of approved graduate level work, with at least 41 completed at this university.
2. A GPA of at least 3.0 ("B") in all courses taken to satisfy the Master of Fine Arts degree requirements.
3. Completion and exhibition of an acceptable project, and submission of a report and documentation of the project approved by the student's graduate committee and the Art Department graduate coordinator.
4. The Graduation Writing Assessment Requirement is met upon successful completion of the extensive written statement that is developed in ART 6617 and that accompanies the Master's Project in ART 6695.
5. Any general requirements not cited above for graduate degrees and noted in Graduate Degree and Program Requirements.

LIST OF EXPECTATIONS OF MFA STUDENTS:

The following expectations are not part of the formal curriculum but are considered vital to your experience as a graduate student. The MFA degree is meant to prepare you to enter the field of art as a working professional. In addition to the development of your artistic practice and academic training, a significant part of your preparation involves gaining practice and comfort in negotiating the demands of the professional artist. Thus, while many of the following may seem like mere social obligations, they should be considered as important as your work in the classroom and studio.

1. Keep regular studio hours: In ideal circumstances an artist should work on a daily basis. At a bare minimum you should be working in the studio several days a week. You are encouraged to spend time in the campus studios even if part of your practice takes place elsewhere. Having set scheduled time in your workweek can be very helpful. Artistic and personal crises should not keep you from your studio even if that means staring at white walls.

2. Attend all visiting events: These are arranged for your benefit and offer priceless opportunities to get to know professionals in your field. Your attendance is considered mandatory.

3. Attend campus openings: Openings are simply part of the job description of any working artist. Your attendance at all RAFFMA events is mandatory and missing the openings of your MFA colleagues is unforgivable. You are highly encouraged to attend the openings of undergraduate exhibitions as well.

4. Get to know and mentor undergraduates: As a graduate student, you are a role model for undergraduates. You are encouraged to be generous and accessible to them. We have outstanding students at CSUSB and you will want as many as possible to be part of your long-term professional network. The university is an experimental laboratory in which we all learn from each other regardless of level, professors included.

5. Attend off-campus art events: You should commit yourself to going to openings, exhibitions, lectures, events and parties on a regular basis. Graduate students and professional artists should do so nearly every weekend. If someone from our CSUSB community is participating in something off-campus, it is a terrific opportunity to expand your network of associates. There are vibrant art scenes in Riverside, Pomona, Palm Springs and Joshua Tree and Los Angeles is one of the world's top cities for art. Becoming a "regular" at gallery openings is the first step in establishing the professional relationships that could lead to success as an artist.

6. Have an online and/or social media presence: Disseminating information and images about your work through digital media is essential to emerging and working artists. It is extremely convenient and beneficial to be able to direct a new acquaintance to a site or page to see your work.

7. Take responsibility for your own education: The university provides a wealth of resources for you as graduate student, and it is largely your responsibility to take advantage of these opportunities. Seek out feedback about your work from your professors, but be self-informed and self-sufficient navigating as a graduate student. You shouldn't just try to satisfy expectations; take control of your own artistic existence to exceed those expectations.

8. Have fun: Graduate school is a rare opportunity to focus on exactly what you are most passionate about. Enjoy the journey and savor the time.

MFA FORMS: You may also find these on these fillable forms on the department website.
