

CSUSB San Bernardino Campus Final Exam UPDATE – March 16, 2020

Dear Faculty,

In consultation with the California State University Chancellor's Office, there will be no in-class finals this week at the San Bernardino campus.

Based on this development, faculty's options are online and take-home exams or dropping exams and assigning a final grade based on existing grades earned to date. If your students are registered with the Services to Students with Disabilities or do not have access to the Internet, they will be able to access these services on the San Bernardino campus to complete their final exams in any open campus computer lab. The labs will be configured for social distancing and high touch areas are being disinfected at regular intervals. Open campus labs can be located at <https://www.csusb.edu/its/support/technology-support/computer-labs>. Please encourage students to arrive early to ensure availability of computers to complete their finals in a timely manner.

We appreciate your flexibility, compassion and cooperation. Please work with your students on an individual basis during this difficult and unprecedented time. If you any questions or concerns, please contact your Dean.

This message from COVID-19@CSUSB.EDU serves as the official notification to the university campus community.
