Subject: On-Campus Study Space for Students - Available at San Bernardino & Palm Desert Campuses

Dear CSUSB Student,

In a recent student survey, 33% of students shared with us that they needed a place to study and/or attend virtual courses. In response to this demand, CSUSB has created several limited availability spaces that can be reserved and used by students for on-campus study. Locations will be available starting on Monday, October 12 and have access to campus Wi-Fi.

San Bernardino Campus (available 7am to 9pm, Monday-Friday)

- **Yasuda Center.** 46 indoor individual workstations are available for student use. Advance reservation required to use these spaces for up to 4 hours per day. [Student Study Space Request](#)
- **Center for Global Innovation.** Individual outdoor socially distanced seating is available on the front patio of the building. No reservations are required and are available on a first-come-first-served basis.
- **University Hall/SMSU Courtyard.** Individual outdoor socially distanced seating is available on the patio between these two buildings. No reservations are required and are available on a first-come-first-served basis.

Palm Desert Campus (available 7am to 8pm, Monday-Friday)

- **Health Sciences.** Lobby indoor individual workstations are available for student use. Advance reservation required to use these stations for up to 4 hours per day. [Student Study Space Request](#)

On-Campus COVID-19 Safety Requirements

To utilize these on-campus study spaces, students must closely adhere to all campus COVID-19 safety requirements.

- Before you come on campus for the first time, students are required to complete the 30-minute [Returning to Campus during COVID](#) training.
- Each day you come to campus, students must complete the [Health Screening Survey](#). After successful completing the survey, students receive permission to be on the campus for a 24-hour period.
- All study areas are for one student only. Students may not work with other students in the same individual workstation. Social distancing of at least six feet is required at all times.

- Face coverings are required at all times.
- Indoor study spaces will be disinfected after each student use.

In addition to these study spaces, Wi-Fi access remains available in campus parking lots, which students can access from their car. At San Bernardino, parking lot Wi-Fi is available in East and West Parking Structures, plus parking lot N. At Palm Desert, parking lot Wi-Fi is available in the parking lot immediately adjacent to the Indian Wells Theatre.

If you have any technology-related questions, please contact the Technology Support Center at support@csusb.edu.

For general inquiries, please contact the Dean of Students, Dr. Daria Graham at: Daria.Graham@csusb.edu

CSUSB cares about your health, as well as the safety of your fellow students, faculty and staff. Due to the fluid nature of the COVID-19 pandemic, CSUSB health and safety requirements and access to campus spaces are subject to change. It is important for the campus community to stay connected to the latest campus information through the csusb.edu/covid-19 website.
