Discussion:

- I. Introductions:
 - a. New member – Valentina Felix

- II. Charge of this committee
 - a. The charge of this subcommittee is difficult
 - b. Intended to work with alumni and community partners to engage them in the DEI process in ways that make sense: DEI initiatives, events and activities.
 - c. Great ideas that have come forward, good discussion. Took us through the framework for planning the logic model.
 - d. In this meeting, we can begin assigning who can fill in those areas of the logic model and reporting for end-of-year. VP Nava and Crystal Wymer-Lucero have a lot involving alumni and fundraising.

- III. Name Change Suggestion:
 - a. Alumni and Community Outreach – to Alumni and Community Impact
 - i. Rationale: Outcomes should be measurable. “Impact” is much more active. Shows the purpose of our work. Create solutions to community challenges. Engage the extended community
