**Subject:** Passing of Amy Leh

Dear Colleagues,

I write with a heavy heart to share with you the passing of Amy (Sheng Chieh) Leh, a respected colleague and friend of Cal State San Bernardino for more than 20 years. We were recently informed of her passing, which occurred on Nov. 22, following a fight with pancreatic cancer.

Amy served more than two decades in the College of Education. She joined our campus community in 1998 as an assistant professor in the Department of Science, Mathematics and Technology Education, which has since been renamed the Department of Educational Leadership and Technology. During her tenure, Amy taught more than 10 courses in instructional technology, wrote more than 30 articles and gave more than 100 presentations at national and international conventions.

She also passionately supported the Phi Beta Delta Honor Society for International Scholars. Among her roles, she served as treasurer and president-elect of Gamma Lambda, the Phi Beta Delta chapter at its home institution, and as the chapter's president. She received her Ph.D. in education from Arizona State University.

Amy's passing is a loss to the entire CSUSB family and all those who knew and worked with her. We send our condolences to her family and ask everyone to keep them in their thoughts and prayers as they go through this difficult time.

Warm regards,

Shari McMahan, Ph.D.  
Provost and Vice President, Academic Affairs
