Certified Personal Trainer (CPT) Discounted Exam Certification Instructions

CSUSB Kinesiology Department &
Recreation and Wellness Center

WE DEFINE THE *Future*

The CSUSB Kinesiology Department and the Recreation and Wellness Center have partnered with the NSCA and Human Kinetics to provide an excellent discount for students registering for the CPT certification.

Current students (with a current student ID number) will need to purchase the learning materials with the correct ISBN from the CSUSB Bookstore and register through our CSUSB Recreation and Wellness Center website in order to take advantage of the discount. Without the purchase of the textbook using the ISBN associated, this process will not work and the discount will not be applied to the certification exam fee.

CSUSB Kinesiology Department &
Recreation and Wellness Center

First, you will want to make your way to the CSUSB Recreation and Wellness Center's website at <https://www.csusb.edu/recreation-wellness>. Once there, hover over the "Fitness & Wellness" tab within the horizontal menu to reveal more options. On the right-hand side of the drop down menu, select the "NSCA Certified Personal Trainer (CPT) Exam."

CSUSB Kinesiology Department &
Recreation and Wellness Center

Once you are on the "NSCA Certified Personal Trainer (CPT) Exam" page, it will give you additional information about the CPT exam, including the discounted price and necessary prerequisites needed for the certification.

NSCA Certified Personal Trainer Exam (CPT) Exam Information:

CSUSB Student Recreation and Wellness Center has partnered with National Strength and Conditioning Association to provide those who qualify with a discount to take the Certified Personal Trainer Exam.

Standard Non-member NSCA-CPT Exam = \$435

Discounted CSUSB NSCA-CPT Exam = \$225

CPT Exam Prerequisites:

- Candidates must be at least 18 years old, have a high school diploma or an equivalent
- Candidates must have a current CPR/AED certification. (refer to Certification Handbook linked below for acceptable CPR/AED certifications)
