Student Story

"It had been five years since I was in college. I felt lonely on my first day back. When I first walked into the OARC, it was like getting hit by a title wave of love and acceptance. I instantly felt like I was apart of the OARC family. The OARC provided me with a community of people who inspire and encourage me. They transformed my college experience and helped me secure a scholarship."

-Jared [Social Work Honors Graduate 2019]

Join the Adult ReEntry Student Association!

Amelia Calderon (President), Leslie Leach (Vice President), Elvia Gallo (Treasurer)

Purpose of the Association:

We are a club for adult students who have returned to their education after a gap. The club will focus on nurturing student retention and social support for adult students who face concurrent roles(student, spouse, parent, etc.), and have life experience.
