1. Meeting #1 Recap
 - a. Committee charge
 - b. Appreciative inquiry
 - c. Discovery themes
2. Post-Pandemic Trends
 - a. Blended learning models
 - b. Space optimization & scheduling
 - c. Campus efficiency
 - d. Workplace hoteling
3. What might be?
 - a. What data is needed? Information gathered will inform recommendations.
4. Trends/Considerations
 - a. Disinfecting large, populated areas
 - b. Food service changes (online ordering/walk-up window/delivery; UEC's goal is adaptable spaces and options)
 - c. Online shopping implications for bookstore
 - d. Housing – more demand for single spaces.

- e. Use of outdoor spaces for meetings, studying, socializing. Spaces will need WiFi, shade, etc.
 - f. Utilize campus space for activities that must be done on campus. Consider remote/virtual for other activities or when a particular space is unavailable (remodel, etc.)
 - g. Need comfortable space for students to work/study on campus, even if taking online classes.
 - h. Virtual office hours effectiveness
 - i. Consider unconventional uses for spaces (how to repurpose large lecture halls; how will this affect external renters/community partners?)
 - j. Best combination of in-person and virtual for maximum student success and engagement. In-person allows for informal brainstorming/support with classmates
5. Space Data
- a. Assess spaces we have now, how used, under-utilized spaces, and how could be used
 - b. Auditoriums, conference rooms, open floorplans/cubicles, locker rooms
6. Next meeting August
