Subject: Potential San Bernardino campus closure and finals

Dear Colleagues,

During the next few days, our students, faculty and staff may be impacted by the below power outage as well as other Public Safety Power Shutoffs in the region. Please keep these potential interruptions in mind as we head into finals weeks, and plan for needed accommodations. We want to ensure we all have a successful semester and year-end.

Thank you for your continuing efforts and support of our campus community, especially given the many strenuous circumstances.

Best,
Shari

Shari McMahan, Ph.D.

Subject: Potential San Bernardino campus closure

Due to forecasted fire weather conditions, Southern California Edison (SCE) has announced a potential Public Safety Power Shutoff (PSPS) at the San Bernardino campus. These conditions may result in SCE turning off campus power. SCE has notified CSUSB that this may occur at any time between **Wednesday, December 2 (6 p.m.) through Friday, December 4 (3.p.m.)**. There is always the possibility that this may occur earlier or later depending on actual weather conditions. We encourage the campus community to always prepare for a potential power outage by having a personal plan and emergency kit. CSUSB will send updates as these notifications continue to develop. To learn more about SCE PSPS events in the area, please visit <https://www.sce.com/wildfire/pssp>.
