

Professional Cybersecurity Certificate

Cybersecurity!  Identify,  Protect,  Detect,  Respond, and  Recover

About the Program

The demand for cybersecurity professionals is growing throughout the state, the nation, and the globe. The Cybersecurity Certificate Program (PCSC) at CSUSB is designed to supply students with the knowledge and skills needed to start their cyber journey or upskill for real-world applied experience.

Key Facts:

-  The program is 100% online.
-  Structured in 6 academic credit courses to be completed in 12 months.
-  More than 700,000 unfilled positions around the world.
-  CSUSB faculty, who are highly qualified and respected in the field, teach courses.
