Dear Student:

Congratulations! You have been found eligible to receive the CalVet college fee waiver for Veteran Dependents, pending confirmation of California residency status, under the provisions of the California Education Code, Section 66025.3(a). These benefits are provided to you by the grateful State of California to recognize the sacrifices made by your father while serving our country with honor. Having been found eligible for benefits under this program, you shall not be charged mandatory system-wide tuition or fees while attending a California Community College, a campus of the California State University system, or a campus of the University of California system.

Please note the following:

- (1) This authorization is valid only for the academic year stated above.
- (2) You must re-establish eligibility for this benefit each academic year when on attending college.
- (3) You must meet the minimum residency requirements of your college in order to receive these benefits.
- (4) Many colleges and universities offer suspension and extension programs which may not be waived as well as other benefits such as health, insurance, etc.

Contact your local Veterans Affairs Office for additional information and provide the name of your college.

I wish you success in all your educational goals and if you need additional information regarding other veteran's benefits, please contact me at the above address.

Sincerely,

Rhonda Wood
