

Simultaneous Enrollment

If a student is registering for classes at CSUSB whose meeting times overlap, a petition for simultaneous enrollment must be completed. Without an approved petition, MyCoyote will not allow the student to register for both classes. Five signatures are required: the student, both instructors, the Graduate Program Coordinator, the Director of Graduate Studies.

Follow the instructions below and on the next page for submitting this request through AdobeSign on MyCoyote.

Instructions

- Each instructor must approve the request and explain how the course requirements will be met. This explanation should include the student's arrival and departure times and describe how missed work/class time will be made up.
- Once the request is submitted, the form will be sent to the instructors for signatures and then to your program coordinator. Once approved by your program coordinator, the form will be routed to Graduate Studies for review and final approval. If approved, the form will be routed to the Office of the Registrar and you will then be enrolled into the second course.
