Subject: Strategic Plan Feedback Survey-Input Needed!

To: Colleagues

Dear Colleagues,

Thank you to all those who attended the Strategic Plan feedback forum yesterday! For those who missed it, you can watch a recording [here \[youtu.be\]](#). After watching the recording, please complete the [feedback survey](#) where you can provide input on drafts of the strategic plan deliverables thus far:

- Proposed mission statement;
- Proposed core values;
- Drafted goal statements for each of 4 goals: Student Success, Staff & Faculty Success, DEI, and Internationalization;
- Drafted objectives for each of the 4 goals.

We encourage you to dream big and identify change domains you would like to see implemented on our campus over the next 5 years -- propose those ideas in the relevant textboxes throughout the survey. We look forward to receiving your input and incorporating your ideas into the final version of our plan. We want to reiterate a big THANK YOU to the task force members who have been working on the plan this year. Their work has gotten us to this point!

The feedback survey will remain open until 11:59pm March 15th. Please share this email with anyone who may have missed it, we are seeking 100% participation!

Sincerely,

Kelly Campbell & Nicole Dabbs
Strategic Plan Co-Chairs
