## EH&S Safety Training at CSUSB

Maintaining a safe and healthy campus at CSUSB requires training for all levels of students and employees. Whether you are encountering hazards on the job, in the lab, or in the classroom, identifying and completing appropriate training sessions is a valid first step. The CSUSB EH8S department works in collaboration with CalOSHA and the CSU System to ensure that we are offering the training you need at the time you need it. If you have questions about Health & Safety training, please contact Melisa Morrow at melisa.morrow@csusb.edu. You can also request a training needs assessment by submitting an EHS Service Request form.
