

## INVITATION

### **Students' Preferred Names and Pronouns: Class Rosters That Promote Belonging and Inclusion**

#### **LIVE Webcast**

**Thursday, November 21, 2019**

**10:00 a.m. to 11:00 a.m.**

(Lobby/phone line opens 10 minutes prior to live sessions)

The Division of Academic and Student Affairs invite you to join a live webcast to learn about a change to the student information system that promotes inclusion and supports student success.

#### **TOPIC**

As part of its commitment to inclusive excellence, the California State University (CSU) has reconfigured the student information system to allow students to indicate their preferred names and pronouns. When campuses enable this functionality, students' preferences will appear on class rosters and other campus records.

In this live webcast, Luoluo Hong, Associate Vice Chancellor for Student Affairs and Enrollment Management, and Darlene Daclan, Director of Academic and Student Affairs Business Systems, will discuss the importance of promoting gender inclusion as a policy imperative and, more importantly, as an educational responsibility. Participants will learn the process by which students can indicate a preferred name and pronouns in the student information system and see how faculty views of student information will change. Then they will learn how using preferred names and gender pronouns creates an inclusive learning environment and instills a sense of belonging in students.

#### **REGISTERING FOR THE WEBCAST**

- Register [HERE](#) by Tuesday, November 19, at noon.
- This webcast will be hosted on Adobe Connect. The link will be sent by email to registrants at noon on Tuesday, November 19, along with instructions for testing your computer and accessing the audio.

#### **TECH QUESTIONS?**

For technical assistance, contact Jennifer Wicks, Executive Producer, Learning & Development, at (562) 951-4525 or [jwicks@calstate.edu](mailto:jwicks@calstate.edu).

For more information about this webcast, please contact Dr. Emily Magruder, director, CSU Institute for Teaching and Learning, at 562-951-4752 or [emagruder@calstate.edu](mailto:emagruder@calstate.edu).
