

Victor Valley - Math and Teaching Scholars

Middle and High School Math Teaching Scholars

Program At A Glance:

How does the VV-MATHs Program benefit me?

- Receive up to **\$10,000 per year** (\$5,000 per semester) in scholarship support.
- Opportunities to observe and work with outstanding math teachers in Victor Valley UHSD.
- Mentoring and support from secondary math teachers, Victor Valley Union High School District district personnel, CSUSB math, and College of Education faculty.
- Become a part of a **professional learning community** centered around current topics in math education; a community that will continue to support you even after you become a teacher.

What are my obligations as a VV-MATHs Scholar?

- Observe, tutor, and eventually teach under supervision in a secondary classroom in VVUHSD; Scholars are required to be in the classroom for the first 2 weeks of the VVUHSD school year, which begins in early August and then a minimum of **4 hours per week** for the rest of the year.
- The VV-MATHs community comes together one evening per month for a **2 hour seminar**. VV-MATHs Scholars must be able to attend each of these seminars.
- **MUST** be willing to work as a full-time employed teacher in the Victor Valley Union High School district for two years post-graduation.
