

Live, Work and Discover Japan!

JET PROGRAM

The Japan Exchange and Teaching (JET) Program is a competitive employment opportunity that allows professionals to live and work in cities, towns, and villages throughout Japan. Being a JET is an opportunity to work and to represent the United States as cultural ambassadors to Japan.

The JET Program offers young professionals the opportunity to work in Japan as Assistant Language Teachers (ALTs) or Coordinators for International Relations (CIRs). Since 1987, more than 70,000 JET Program participants from 75 countries have lived and worked in cities, towns, and villages throughout Japan. Join JET and become part of this exclusive network of like-minded international enthusiasts!
