This petition may be used to waive the following university regulations:

**12 Quarter Unit/9 Semester Unit Limit Prior to Classification**

In accordance with University regulations, no more than 12 quarter units (9 semester units) of credit earned in unclassified or conditionally classified standing may be used to demonstrate fitness to complete the program OR may be counted toward meeting the requirements for a graduate degree.

However, if you feel extenuating circumstances have precluded your classification in a more timely manner, you may petition the Dean of Graduate Studies to waive this requirement on your behalf.

In order for the Dean to evaluate your situation you must include in your request not only a complete statement of your situation, but also a statement of why it is critical for this requirement to be waived. Additional pages may be attached to your request.

**Seven Year Limit on Applicable Course Work**

The postbaccalaureate program you are pursuing must be completed within a seven year period (for some programs on this campus there may be earlier completion requirements). No more than seven years may elapse between the time of registration for the earliest course listed on your program and the completion of all requirements for the degree. The maximum age limit for a course is twelve years since the course was first taken and only 2/3 of a program can be recertified. If you have course work that has surpassed the seven year limit, you may petition the Dean of Graduate Studies to waive this regulation.

In order for your petition to be approved you must have a written statement from a faculty member stating I HAVE EXAMINED THIS STUDENT AND FOUND THEM TO BE CURRENT IN THE SUBJECT MATTER OF (name of the course or courses being waived).

**Extension of Time to Complete an Incomplete Grade**

An incomplete grade must be made up within the calendar year immediately following the end of the term in which it was assigned (or as indicated by the instructor of the course). If it is necessary to extend this time limit, the student must obtain the consent of the instructor.

**Retroactive Withdrawal (Students must withdraw from all classes in the term)**

Requests for withdrawal following the close of the term will be considered only for: accident or illness (physical or mental), serious personal or family problems, or military transfer.

Documentation is required. In addition, extenuating circumstances must be shown to have prevented withdrawal in a more timely fashion. The student must list each course number and obtain the instructor’s signature for all courses they are attempting to withdraw from. Partial withdrawal of grades during a term is not permissible for any reason. All courses must be withdrawn and will be noted with a “W” on the official transcript. Lack of awareness of the withdrawal procedures is not an extenuating circumstance.

Employment-related reasons are acceptable only for withdrawals processed during the term in question. This withdrawal would be completed a “Drop After the Census Date” request.
