

Group & Individual Study Rooms

Group Study Rooms: Pfau Library has a total of 21 group study rooms. All have whiteboards; dry-erase markers and erasers are available at the Check-Out Desk. All have at least one electrical outlet. Please close the door to keep your conversations from bothering others. *Group study rooms are only for groups of at least two people!* An individual cannot "hold" a room for a group, and any individual found occupying a group study room must vacate it if a group arrives.

Two of these are **Multi-Group Study Rooms**, with several tables and whiteboards to accommodate more than one group. Groups must be willing to share these rooms so long as a table is unoccupied.

Individual Study Carrels: Six are available on 4th floor. All have electrical outlets.

Multimedia Collaboration Rooms: Two on 5th floor offer media editing workstations.

Reservations

All rooms & carrels except the shared Multi-Group study rooms may be reserved in advance.

Make reservations at library.csusb.edu/services/reserveStudy.html

Locations

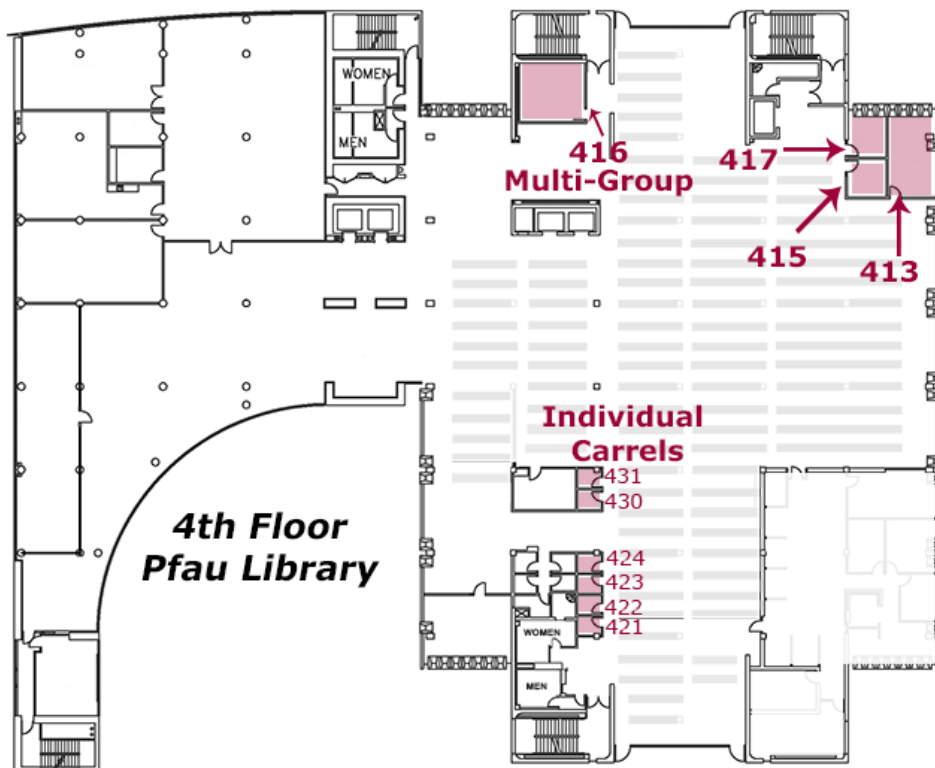

The 3rd floor has seven group study rooms

PL-321 seats 8.

PL-323 seats 8.
