Group & Individual Study Rooms

**Group Study Rooms:** Pfau Library has a total of 23 group study rooms. All have whiteboards; dry-erase markers and erasers are available at the Check-Out Desk. All have at least one electrical outlet. Please close the door to keep your conversations from bothering others. Group study rooms are only for groups of at least two people! An individual cannot "hold" a room for a group, and any individual found occupying a group study room must vacate it if a group arrives.
