ZOOM VIDEO CONFERENCING BASICS

As we transition to virtual classes for the Spring 2020 quarter, ITS Training Services would like to offer the campus community assistance with Zoom, CSUSB's video conferencing tool.

Zoom unifies cloud video conferencing, simple online meetings, and group messaging. Zoom transforms the real-time collaboration experience and offers the best video, audio, and wireless screen-sharing experience across various platforms. The trainer will guide you through set-up, personal profile settings, and basic meeting scheduling.
